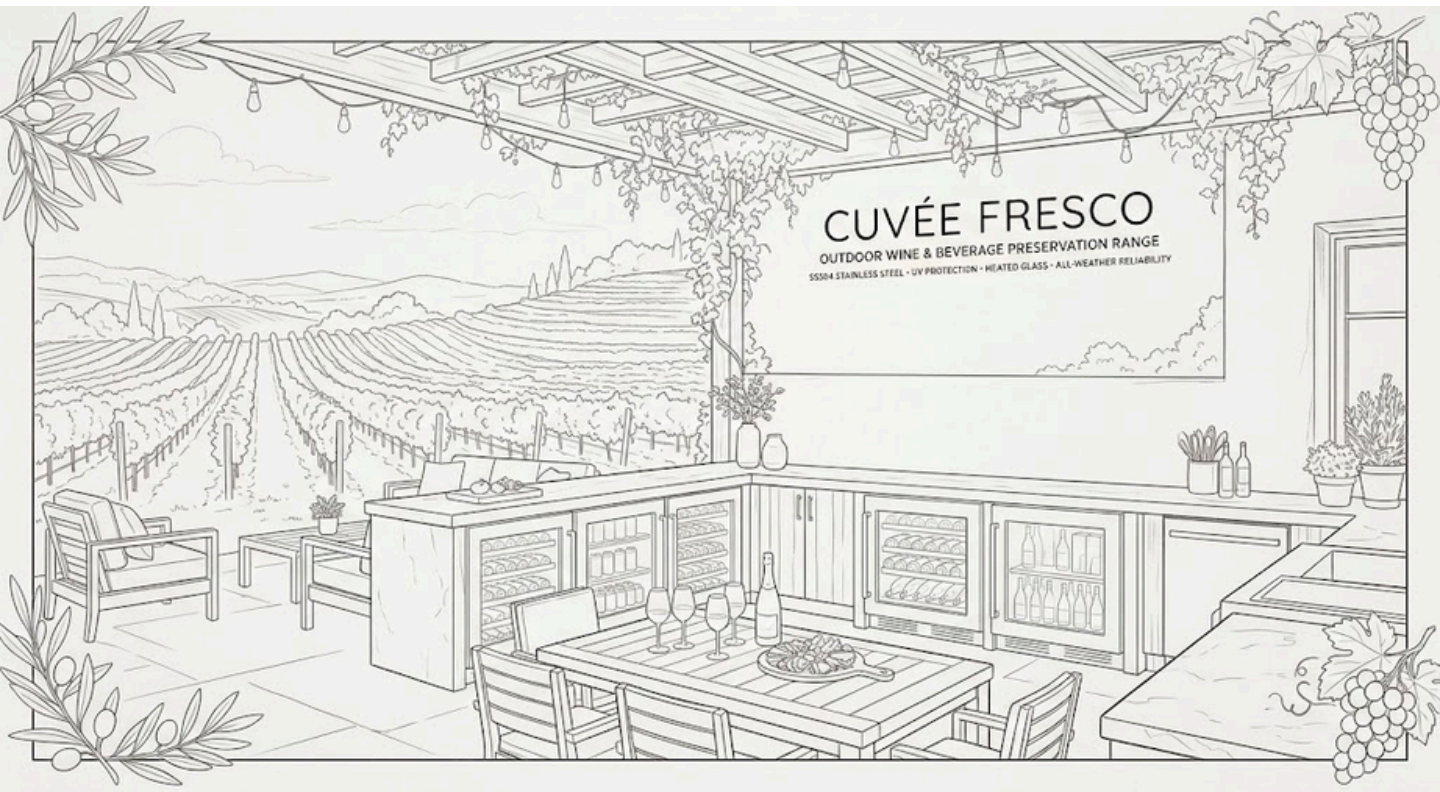
Cuvée Fresco



Introducing Cuvée Fresco—the ultimate fusion of refined wine preservation and outdoor luxury. Engineered specifically for open-air living, this collection brings high-performance cooling directly to your terrace, patio, or poolside kitchen.

Crafted with high-grade AISI 304 stainless steel, each unit offers exceptional durability and superior corrosion resistance against weather and humidity. Designed to protect your finest vintages and beverages under any conditions

Whether hosting an alfresco dinner or enjoying a quiet evening outdoors, Cuvée Fresco delivers uncompromising style, robust weather protection, and precision temperature control—elevating your outdoor entertainment experience.
