

MODELS: WRH908IW, WRH908IS, WRH908IK

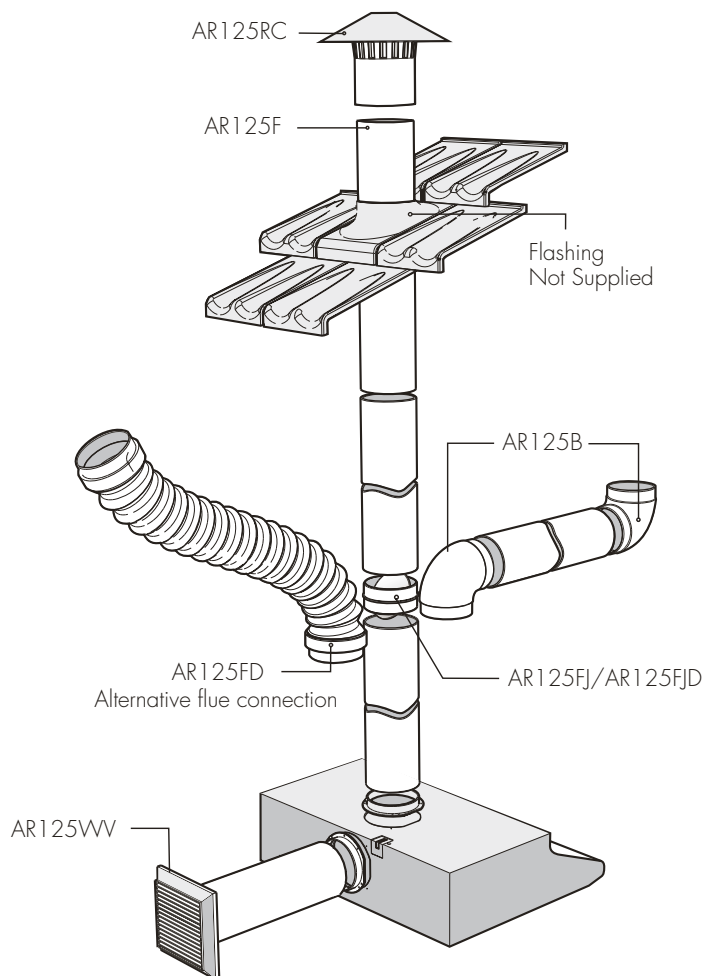

part numbers	description
AR125RC	Roof Cowl
AR125B	90° Bend
AR125F	Flue 1200mm Long
AR125FD	Flexible Duct – 1 metre long when expanded
AR125VW	Wall Vent Kit
AR125FJ	Flue Joiner without damper
AR125FJD	Flue Joiner with damper
ARCFD (not illustrated)	Replacement Carbon Filters

**MODELS:** WRJ600UW, WRJ600UK, WRJ600US, WRJ603UW, WRJ611US, WRJ900UW, WRJ900US, WRJ903UW, WRJ903UK, WRJ911US

part numbers	description
AR125RC	Roof Cowl
AR125B	90° Bend
AR125F	Flue 1200mm Long
AR125FD	Flexible Duct – 1 metre long when expanded
AR125VV	Wall Vent Kit
AR125FJ	Flue Joiner without damper
AR125FJD	Flue Joiner with damper
ARCFD (not illustrated)	Replacement Carbon Filters

MODELS: WRF600CS, WRF900CS, WRG630CS, WRG930CS, WRG630CW, WRG930CW

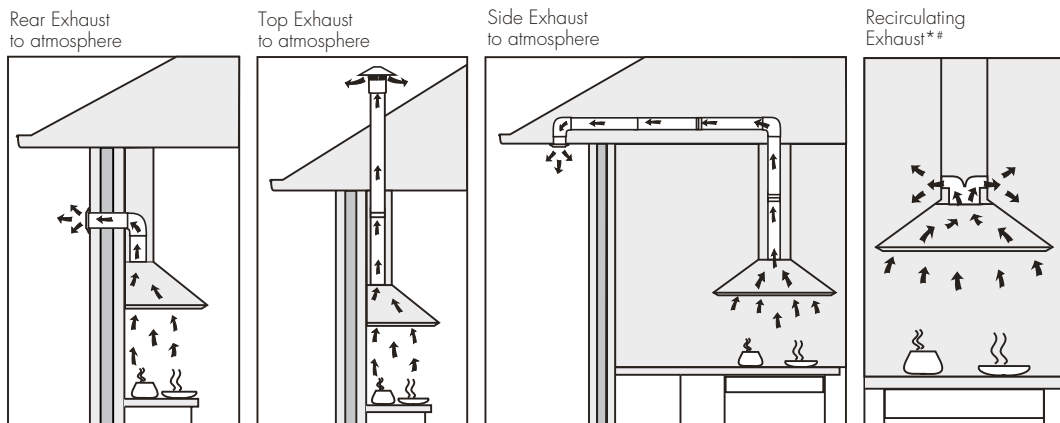

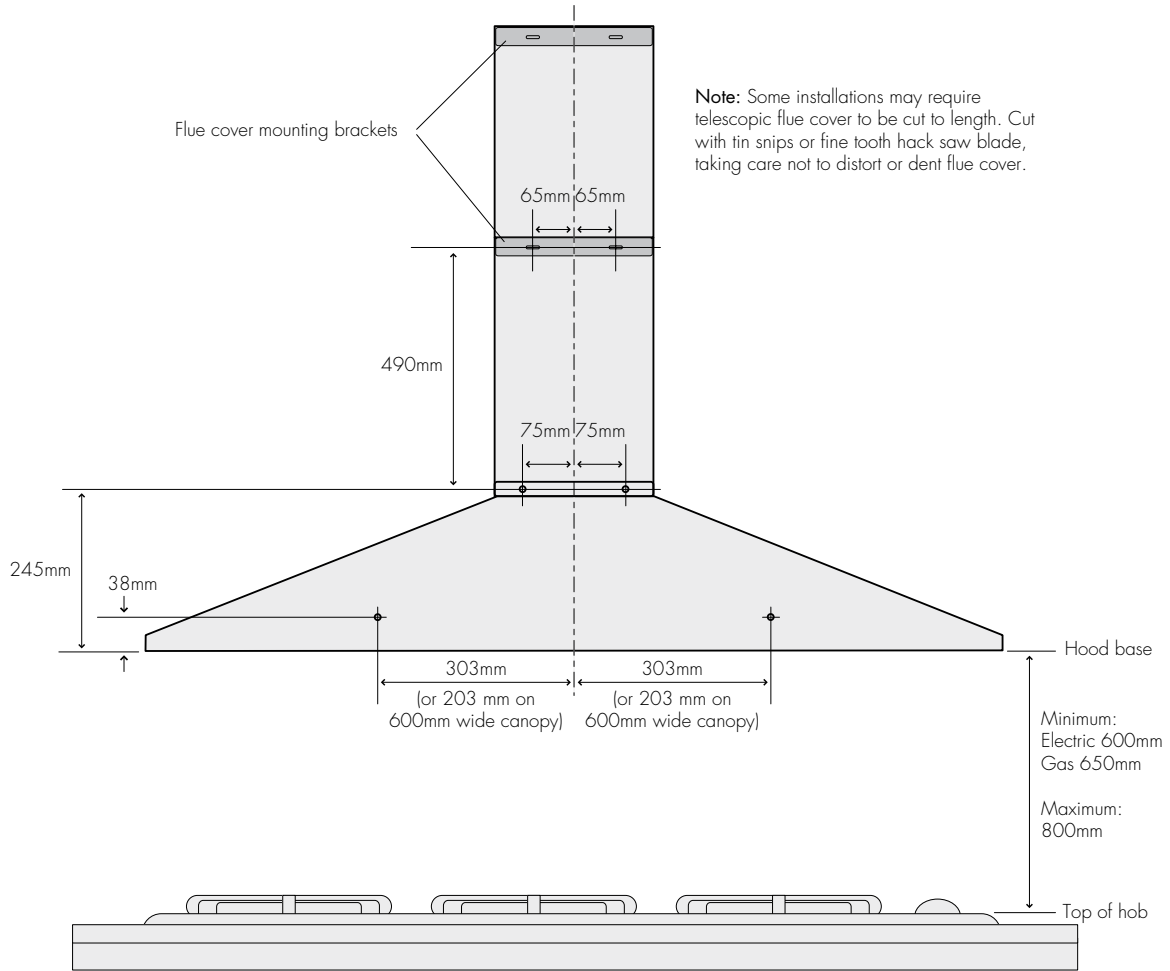

\*1100mm extension flue cover is available if required where high ceilings are present. (Model No. AR500FS or AR500FW)  
All measurements in millimetres.

MODELS: WRF600CS, WRF900CS, WRG630CS, WRG930CS, WRG630CW, WRG930CW

\* In recirculating mode you must use a recirculating kit which includes carbon filters to eliminate cooking smells. (Model No. AR500RK)  
 \*\* WRG630 and WRG 930 models are supplied with a recirculating piece, although you must use carbon filters to remove cooking smells. (Model No. AR500CF)  
 All measurements in millimetres.

MODELS: WRF600CS, WRF900CS, WRG630CS, WRG930CS, WRG630CW, WRG930CW

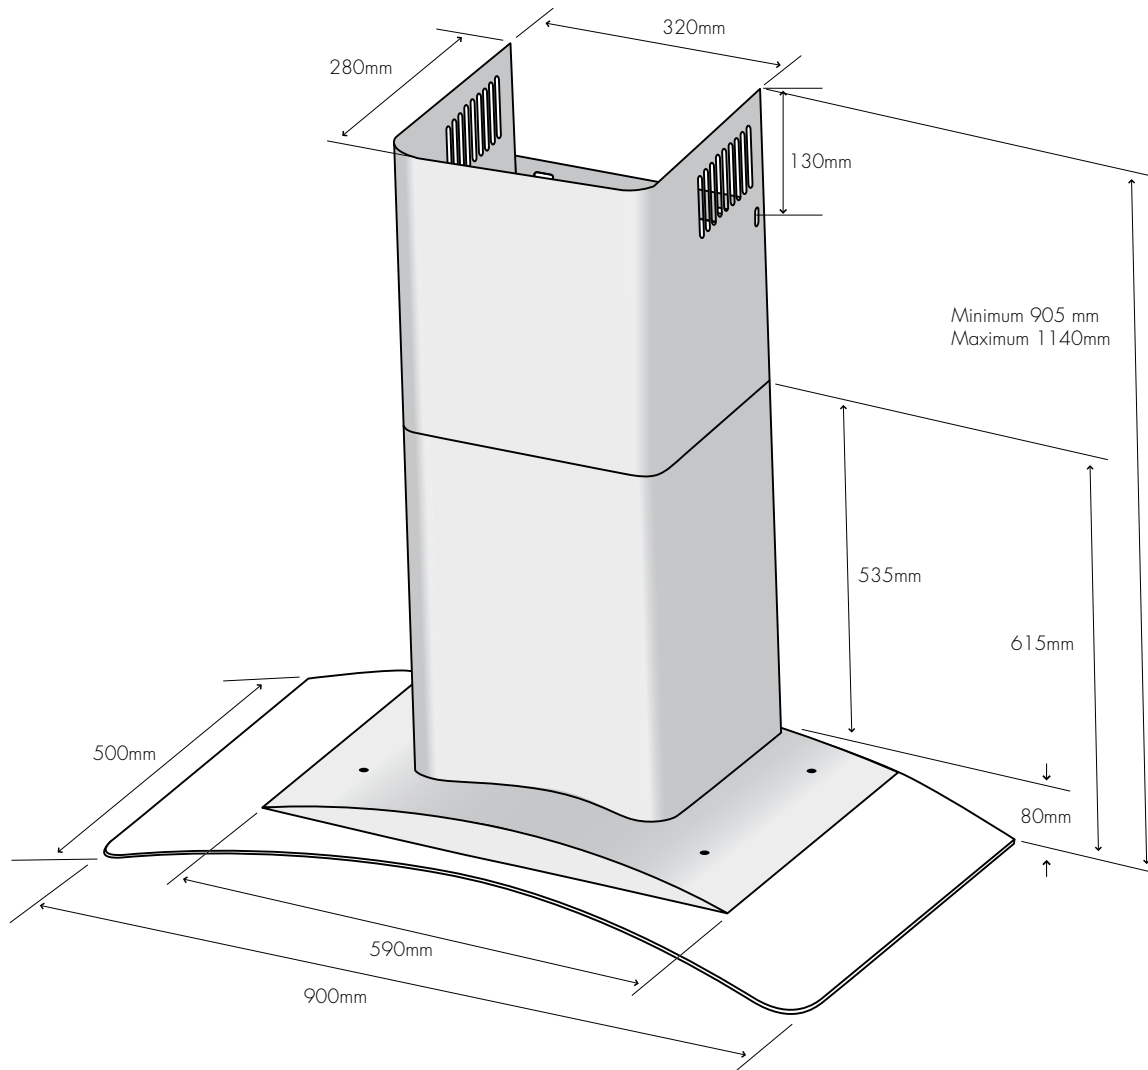

part numbers	description
AR125RC	Roof Cowl
AR125B	90° Bend
AR125F	Flue 1200mm Long
AR125FD	Flexible Duct – 1 metre long when expanded
AR125WV	Wall Vent Kit
AR500FS / AR500FW	Extra Length Flue Cover 1100mm length brushed stainless steel / white
AR500RK	Recirculating Kit (includes AR500CF x 2)
AR500CF	Replacement Carbon Filters
AR125FJ	Flue Joiner without damper
AR125FJD	Flue Joiner with damper

NB: WRG630 and WRG930 models are supplied with a recirculating kit piece. Therefore, if recirculating you only require carbon filters (Model No. AR500CF)

MODELS: WRH605IW, WRH605IS, WRH608IW, WRH608IS, WRH608IK

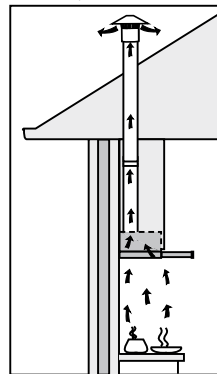

Minimum distance of hood above hob

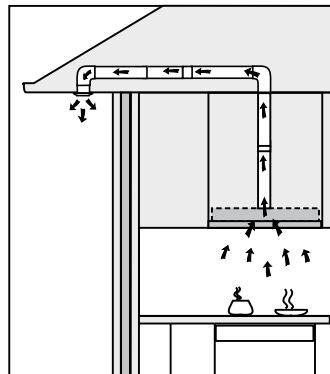

Rear Exhaust to atmosphere

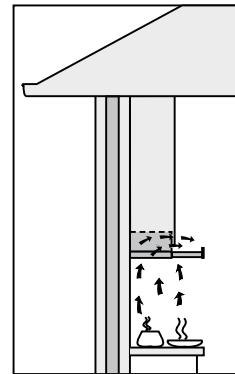

Top Exhaust to atmosphere

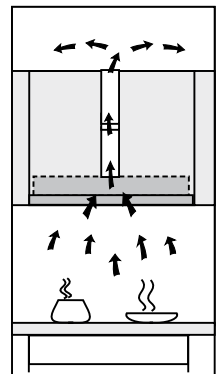

Side Exhaust to atmosphere

Front Recirculating Exhaust\*\*

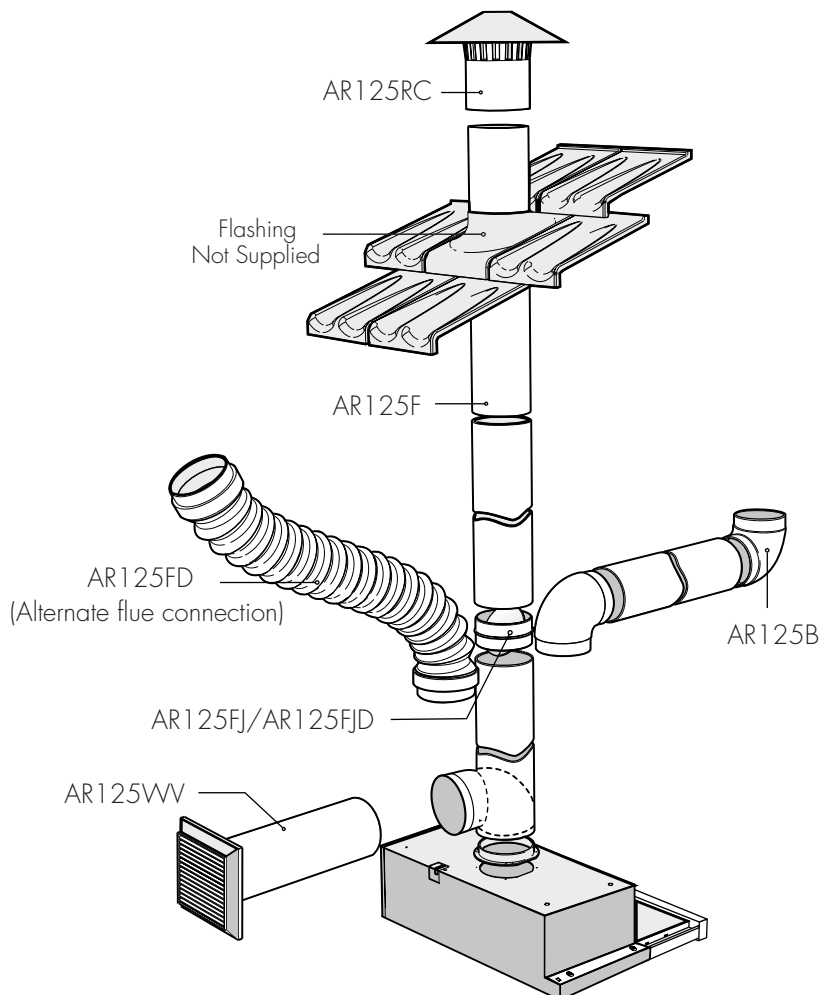

Top Recirculating Exhaust\*

\* In recirculating mode it is recommended you use carbon filters to eliminate cooking smells.  
(Model No. ARCFD)

\*\* WRH605 models can only be recirculated using top recirculating exhaust mode. 70mm fascia is required for front recirculation.  
All measurements in millimetres.
