Height	1790mm
Width	905mm

Features & Benefits

Fridge Mode

Fridge Mode is the best option for storing everyday items. It's perfect for short-term storage of items such as fruit and vegetables, dairy-products, meats, preserves and drinks. 0 to 6° C

Freezer Mode

Freezer Mode is suitable for everyday frozen foods requiring storage for 1 to 12 months - meat, poultry, seafood, precooked foods, frozen fruits, vegetables and ice cream. -21 to -14° C

Chill Mode

Chill Mode sets the temperature as close to freezing as possible to retain freshness in highly perishable seafood and meats, and for storing alcoholic drinks - perfect for entertaining. -1.5 to 0° C

Soft-Freeze Mode

Soft Freeze Mode is for food that requires a gentle freeze and quick thawing, allowing you to heat, cook or serve straight from the compartment, without waiting for food to thaw. -8 to -6° C

Flexible storage

Three large, independent compartments provide ample storage space. Easily adjustable cantilevered shelving in the fridge and full extension bins in the freezer provide maximum storage flexibility. A Variable Temperature Zone in the lower right compartment provides true freezer temperature of -18°C.

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It is technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Design quality

Our refrigerators are built using quality materials. We use real stainless steel, and solid glass for the interior shelving. Thoughtfully designed bins feature smooth, fully extendable telescopic runners for full access to storage space.

Brilliant interior lighting

Bright LEDs light up each ceiling, shelf, bin and tray in both refrigerator and freezer, making it easy to find your food and creating a welcoming glow in your kitchen.

The Beauty of Choice

With the choice of stylish stainless steel or elegant black, you can choose the finish that complements your kitchen design best.

Easy one-touch control panel

Control panels for the refrigerator and freezer are conveniently located inside the thier respective compartments, allowing you to view and modify the features and options to suit any occasion. The Variable Temperature Zone control is on the top of the compartment door so you can easily select your desired food mode or adjust manually.
