Space for everything

When it comes to being organised you can never have too much space. With two door access to both your fridge and freezer, you won't know how you didn't have it before. Being able to see everything at a quick glance has never been so easy.

Clever, spacious freezer

If the classic French door design is something you want to see across your freezer space too, our four door french door fridge is the clever addition to your kitchen space. With 7 freezer compartments organising your freezer has never been so easy. Keep your freezer organised, tidy and quickly find what you need.

Healthy continuous fresh water

The Westinghouse French Door Fridge with ice and water helps keep your family healthy and hydrated. With easy access to filtered water from the slimline in-door water dispenser, no one will need to go thirsty again.

Automatic icemaker means you will always have ice available

There is nothing more refreshing than an icy cold drink on a hot day. With the automatic icemaker you will always have ice available whenever you need it, all stored in a handy extra large drawer.

Dual FlexFresh™ easy glide crispers

Designed with your comfort in mind, the dual sealed easy glide crisper bins with humidity control open effortlessly and provide easy access even when they're full.

Fingerprint resistant stainless steel

Little hands or sticky fingers won't be a problem with easy-clean fingerprint resistant stainless steel.

Adjustable storage solutions with FlexStor™

As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

FlexSpace™, it's size redefined

With a busy lifestyle and a growing family, you can always do with more space in your fridge. That's why Westinghouse created FlexSpace™, which is designed to maximise storage, flexibility and access to meet your ever-changing needs. Big enough to handle even the biggest grocery shop, you'll be able to fit in all your food and drinks with ease.

Spillsafe™ glass shelves

From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe™ shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.

Easy glide drawers and specialised compartments

Easy glide freezer bins and fridge crispers give easy access without the effort – even when they're full. Humidity controlled crispers keep fruit and vegetables fresh, while deli drawers help isolate odours. Handy storesafe™ drawers put special items safely out of reach.

Endless possibilities with FlexSpace™

Designed to suit your ever-changing needs, the extra spacious French door design delivers a wider fridge capacity with FlexSpace™. Perfect for party platters or lots of fresh food, you'll love having everything at eye level so you can easily check all the contents with just a glance.
