

Wood Fired Pizza Oven in Stainless Steel

PW01

SMART
OUTDOOR  LIVING

Features & Benefits

Warranty	2 Year Manufacturer Warranty.
High Grade Stainless Steel	High grade stainless steel which is resistant to heat and salt, helping to avoid corrosion and decay in the harsh Australian climate.
Black Exterior Finish	A thick textured finish provides a durable and weather resistant finish to the exterior of the oven cavity that is also visually appealing to suit any outdoor kitchen.
Integrated Thermostat	Allows for easy control and management of the temperature within the oven cavity.
High Quality Ceramic Bricks	Allows for superior insulation within the oven chamber, helping to provide a faster heat up time while maintaining temperatures for longer which delivers a far superior cooking performance to cheaper alternatives.
Removable Rear Tray	A removable tray located at the rear of the oven helps to make cleaning a quick and simple. Allow the oven to cool down completely - at least 8 hours after cooking. Sweep the ash and debris into the tray using the supplied brush, and dispose the ash.
Bonus Extras	Pizza Paddle With Wooden Handle, Copper Brush With Wooden Handle & UV Resistant Weather-Proof Cover.
Bench-Top Installation	Designed to sit on top of your outdoor bench top.

Measurements

Even while the fire is well contained in the oven and the oven is well insulated, ensure that other combustible materials are far away from the oven at all times during use. Ensure the oven has sufficient clearance from your home or other structures.

WARNING: Technical specifications and product sizes can be varied by the manufacturer without notice. The above information is indicative only.

Wood Fired Pizza Oven in Stainless Steel
