

DWAU157XT smeg underbench TALL TANK dishwasher

ORBITAL WASH SYSTEM

Smeg's orbital wash system has two spray arms which operate simultaneously in opposite directions to ensure water is evenly distributed throughout the inner cavity for a perfect wash.

DELAY START TIMER

Delay Start option allows for up to 24-hours delay start — allowing you to take advantage of off-peak energy usage times.

TOTAL ACQUASTOP

Acquastop is a water safety device that operates when the dishwasher is not in operation by restricting mains pressure at the tap, and not at the dishwasher.
