Depth	552mm
Height	820 - 880mm
Width	598mm

Features & Benefits

Seamless integration

Customise your dishwasher with a panel and handle that matches your cabinetry for a seamless finish in your kitchen.

Quick, Sanitise and Extra Dry options

The Quick wash modifier results in a faster clean, while maintaining wash performance. The Sanitise option provides extra protection killing 99.9% of bacteria in the final rinse. The Extra Dry setting is perfect for plastic dishes.

Quiet performer

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance.

A quality wash

The 3 stage filtration system delivers a superior clean. Cup racks, wine glass supports and utensil tray allow safe and easy cleaning of everyday items. A rinse aid indicator reminds you to top up for squeaky-clean dishes.

Flexible wash options

With 7 wash programs and Quick, Sanitise and Extra Dry modifiers this dishwasher provides a cycle for every occasion including Auto, which automatically senses the optimal cycle for your dishes.

Simple to use

Designed to fit 15 place settings, the flexible racking system features a third sliding rack for cutlery and utensils. Features such as the floor light cycle indicator, LED interior light and time remaining display make this dishwasher simple to use.
