

# Tefal

## INDUCTION STAINLESS STEEL RANGE

### FAST & EASY PRESSURE COOKER

RICH IN SECURITY,  
RICH IN TASTE

### Easy to use & clean

#### 2 cooking programmes

Choose between the vegetable or meat/fish setting to cook ingredients at the perfect temperature and to preserve nutrients.

#### Safe steam release

Controlled safe & slow steam release

#### Easy rotating open/close with auto-lock

Use the long handles to rotate the lid for easy opening and closing. Featuring an audible "click" when fully closed, with auto-lock for total peace of mind.

#### Suitable for all hobs, & dishwasher-safe

Compatible with all stovetops (induction, gas, electric, ceramic, halogen) & dishwasher-safe (except for lid)

### Uniqueness

#### Safe cooking

Thanks to its ingenious 5-point safety system with safe pressure indicator, your pressure cooker guarantees complete safety day in and day out, for total peace of mind.

#### Fast cooking

Up to 2X faster than cooking in a Tefal stewpot

#### Preserves nutrients

Up to 80% of vitamin C preserved\*

\*Versus cooking broccoli in a Tefal stewpot

### Durable & Long-lasting

#### Thick base

Triple layer base to avoid deformation

#### Tested for 30 years' safety<sup>1</sup>

55,000 tests<sup>1</sup> before launch—versus 187 required by CE norm.

#### Guaranteed to last<sup>2</sup>

Made to last, the high-quality 18/10 stainless steel pot comes with a 10-year warranty.

(1) According to an exclusive qualification by Group SEB that includes extremely demanding life endurance tests that equate to 30 years of use, on the basis of 4 uses per week, subject to respecting the conditions of use and maintenance.
