1

34% more freezer space³

Extra Large Freezer

Stocking up is easier than ever with the Large Capacity Bottom Mount Fridge. Featuring an extra large 168L freezer, this fridge offers 34% more freezer space than a standard Samsung Bottom Mount Fridge³.

2

Help preserve freshness in your food

All-Around Cooling

No matter where your food is stored in the fridge, it will be cooled. All-around Cooling technology continually checks the internal temperature and blows out cold air when needed. Multiple air vents on every shelf can help ensure even distribution of cold air from corner to corner to help keep your food fresh.

Help monitor from your fridge from your compatible smartphone - SmartThings¹

3a

SmartThings AI Energy Mode

Up to 15% energy saving with AI Energy Mode⁶

Activate AI energy mode to help monitor and reduce your energy consumption. AI Energy Mode analyses your usage patterns and surroundings to optimise the compressor speed and defrost cycle to help reduce your energy use⁶ by up to 15%.

3b

Real-time monitoring & alerts

SmartThings Home Care¹

Easily monitor the status of your compatible fridge in real-time with SmartThings Home Care¹. You can also receive automatic notifications and suggested solutions if certain parts need replacing or problems are detected.

3c

Adjust lighting brightness

Gentle Lighting

Using the SmartThings App¹, you can adjust the brightness of your fridge lighting from your compatible phone. Select Dimming mode for the light to turn on gradually or Night Light mode to adjust brightness based on whether it is daytime or nighttime.

3

Thinner walls. More space inside.**SpaceMax™**

Store more food with the spacious interior of SpaceMax™. Special high urethane insulation technology means that refrigerator walls are thinner. This results in more space inside the fridge without compromising efficiency compared with Samsung refrigerators without SpaceMax™ technology.

4

Digital Inverter technology.**20 Year Compressor Warranty²**

Enjoy efficiency and long-lasting performance. The Digital Inverter Compressor intelligently adjusts operating speed in response to cooling demand and is backed by a 20 years limited parts warranty to give you some added peace of mind

5

Refresh yourself with chilled water**Non-plumbed Water Dispenser**

Install the fridge almost anywhere without the hassle of plumbing or untidy pipes, so you can enjoy refreshingly chilled water without opening the fridge. Perfect for entertaining!

6

Ice cubes in a twist**Twist Ice Maker**

A simple twist of the Ice Maker is all it takes to dispense a large quantity of ice cubes to stay cool in the warmer weather. Then when the weather starts to cool down, simply detach and remove the Ice Maker to make room for your winter essentials.

7

Fast, cold, blast.**Power Cool / Power Freeze**

At the touch of a button, Power Cool blows intensely cold air into the fridge, so foods and drinks are chilled quickly. And Power Freeze delivers a fast blast of cold air into the freezer. It's great for freezing or firming up frozen food, like ice cream, and making more ice.⁴

8

Opens how you want**Reversible Door**

Simply choose the direction that your fridge opens to suit the layout of your home. The door can be reversed by changing the hinges over⁵ for the ultimate convenience.

¹ Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

² See warranty Card or visit www.samsung.com.au for details

³ Compared with a standard Samsung Bottom Mount Fridge (SRL456LS)

⁴ Using Power Cool or Power Freeze increases power consumption.

⁵ Removal of the door hinges and changing the door direction must be done by a qualified professional.

⁶ Tested on the SRL4600S comparing power consumption results with AI Energy Mode turned on (17.89W) and off (45.983W). Conditions tested using Refrigerator 2°C and Freezer -19°C. Actual energy saving may vary, depending on usage conditions and patterns. Available via the SmartThings App on Android and iOS devices. A Wi-Fi connection and a Samsung account are required. T&Cs apply. AI Energy Mode available on select refrigerator models only.
