Key Features

High Air Extraction

Cooking three or four dishes at once on a cook top usually generates extra steam and smoke. So, if your favourite dishes rely on woks, pots and frying pans then you probably need a powerful Omega rangehood. One that clears the air quietly and efficiently.

LED Light

LED lights use a small amount of energy, generate little heat and last a long time. Not only are they cost effective, they will ensure your cooktop is well lit.

Washable Filter

The removable, washable filter is easy to maintain and keep clean ensuring your rangehood always performs well.
