Inspired by the simple command of space

## Apollo by Rogerseller

Apollo by Rogerseller is a utilitarian yet elegant flush plate that draws inspiration from an instrumental dashboard of a spacecraft. The cylindrical buttons are identical in geometry but are differentiated using symbols that apply cognitive ergonomic principles. These are particularly important in spacecraft design to optimise performance, safety & wellbeing under operating conditions of zero gravity.

Apollo by Rogerseller symbolises the strength of the flush by a set of shaded graphical rectangles that are easy to read and provoke a quick response. The manual operation of the buttons feels deliberate and provides tactile feedback when activating the flush valve bellows.

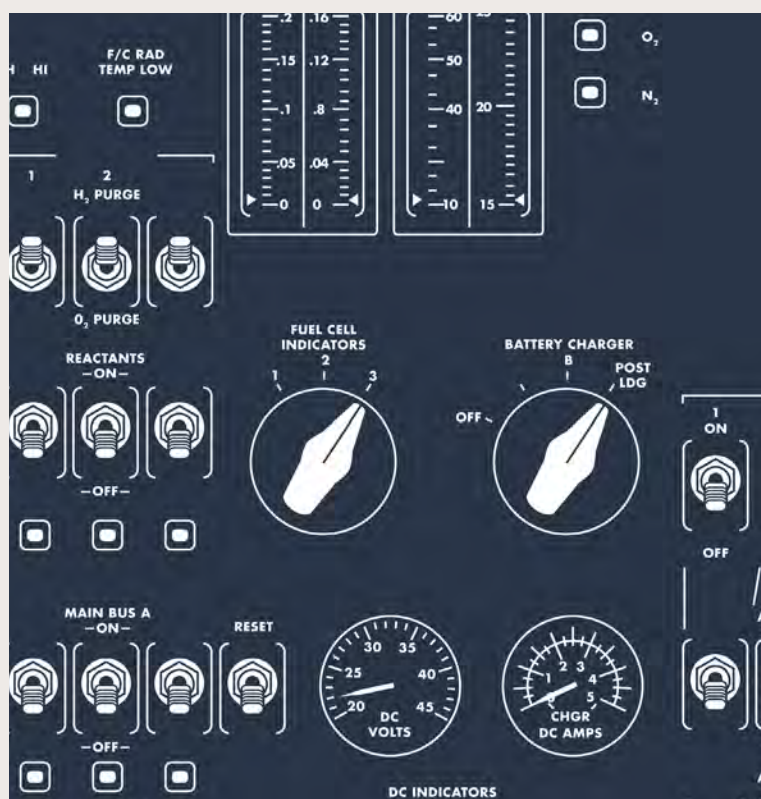

Constructed of solid brass, the button and plate embody certainty and quality. Available in the full Rogerseller selection of Natural Elements finishes, the collection will suit any contemporary bathroom and complement the wider Rogerseller collection.

 Lead times may apply - please confirm with a sales consultant.

#### Hidden In-wall Pneumatic Cistern 160210

- Suits floor mounted BTW pans
- Flush plate provides front access for servicing
- Manufactured from high quality Stainless Steel
- No visible fixings
- Fits in 90mm wall cavity
- Fully insulated against condensation
- One piece flush pipe, to avoid leaks
- All fittings supplied including quick mounting bracket for easy installation
- WELS Rating: 4 Star, 4.5 litres full flush, 3 litres half flush, 3.5 litres average flush, Reg# L05555

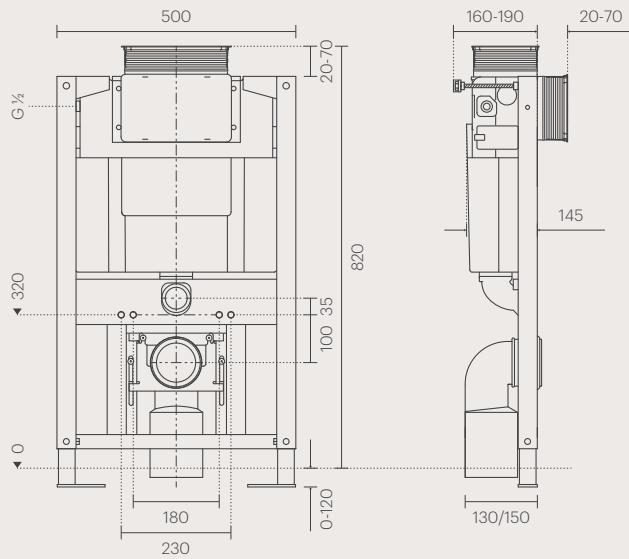

#### Hidden In-wall Pneumatic Cistern with Frame 160220

- Suits wall hung pans
- Flush plate provides front access for servicing
- Manufactured from high quality Stainless Steel
- No visible fixings
- Fits in 90mm wall cavity
- Fully insulated against condensation
- One piece flush pipe, to avoid leaks
- All fittings supplied including quick mounting bracket for easy installation
- WELS Rating: 4 Star, 4.5 litres full flush, 3 litres half flush, 3.5 litres average flush, Reg# L05555

#### Hidden Underbench Pneumatic Cistern 160230

- Suits floor mounted BTW pans
- Flush plate provides front access for servicing
- Manufactured from high quality Stainless Steel
- No visible fixings
- Fits in 160mm wall cavity
- Access through front or top panel
- Fully insulated against condensation
- All fittings supplied for easy installation
- WELS Rating: 4 Star, 4.5 litres full flush, 3 litres half flush, 3.5 litres average flush, Reg# L04648
