the Smart Air™ Viral Protect Max Purifier

Product Description:

Long Description:

The Smart Air™ Viral Protect Max Purifier is perfect for larger rooms; such as the living room or master bedroom. With features including an Advanced 4-Stage Purification Process and AntiViral protection*, easy-to-replace filter with filter reset alert & SensAir System™ - peace of mind in every breath.

This product is Sensitive Choice and National Asthma Council AU certified and approved.

*The AntiViral filter material is tested for the reduction of SARS-CoV-2, H1N1 and H3N2 viral particles as per ISO 18184.

Short Description:

The Smart Air™ Viral Protect Max Purifier is suitable for large rooms and its features include an Advanced 4-Stage purification process and AntiViral protection, easy-to-replace filter with filter reset alert & SensAir System™. This product is Sensitive Choice and National Asthma Council AU certified and approved.

Features:

Key Features:

- Room Coverage** - A large sized air purifier suitable for spacious rooms such as Master bedrooms, Living rooms and Kitchens up to 138m².
- CADR** - Clean air delivery rate (CADR) up to 530m³/h
- Advanced 4-Stage Air Purification System with AntiViral Protection** - The AntiViral HEPA-13 filter reduces 99.97% of viral particles and allergens down to 0.3µm. The Pre-filter reduces dust and pet-dander. The Activated Carbon filter reduces smoke and odours. While the Microbe Shield™ light uses a short-wave light designed to target bacteria and viruses.
- AntiViral HEPA-13 Filter** - Viral Particles & Allergens Reduces 99.97% SARS-CoV-2 and 99.99% Influenza A viral particles*. Removes 99.97% fine particles and allergens down to 0.3µm.
- Microbe Shield™** - Uses a shortwave light specially designed to target bacteria and viruses. The Microbe Shield™ function can be turned on and off according to preference.

Additional Features:

- SensAir System™** - Dual display with real time updates via PM2.5 Micron Monitor & Live Purity Visual Indicator, auto adjusts the performance according to air quality detected.
- WiFi Control & Voice Assistance** - Control air purification in your home while on the go with the Breville Home Connect™ app, so you can feel comfortable the moment you walk in the door.
- Immersive airflow design** - Purifies the air around you with a 360 degrees design of the air inlet and outlet for a broader filtration compared to flat units with single direction airflow.
- Low energy consumption** - This purifier is a low wattage appliance and boasts an auto mode that monitors the air quality and adjusts performance to minimise and maximise air purification as needed, conserving on energy at the same time.
- Compatible replacement filter** - LAP065BLU

*The AntiViral filter material is tested for the reduction of SARS-CoV-2, H1N1 and H3N2 viral particles as per ISO 18184.

Product Technical Specs:

- APN Number:** 9355973122671
- TUN Code:** 19355973122678
- Voltage:** 240V
- Wattage:** 46W
- Units per Carton:** 1
- Units per 20 Feet:** 342
- Units per 40 Feet:** 702
- Units per 40 Feet HQ:** 792
- Unit weight (individual):** 6.12
- Unit dimensions (individual) (LxWxH):** 290x290x535mm
- Gross weight (in display box):** 7.34
- Display box dimensions (LxWxH):** 338x338x599mm
- Gross shipping carton weight:** 8.21
- Shipping carton dimensions(LxWxH):** 358x350x624mm
- Series/Family:** LAP168/LAP208/LAP408
- What is the product made of (Material Specs: main housing material):** ABS
- Country of Origin:** China
