

# NANO75

4K NanoCell LED-LCD TV with LG AI ThinQ

75", 65", 55", 50", 43"

## LG NanoCell TV. Real 4K\*

LG NanoCell TV uses nanoparticles to filter and refine colour, removing impurities from the wavelengths of light that create TV images to display bright, lifelike pictures.

*\*Native 4K content is required for full 4K resolution effect.*

## We're fine-tuning your viewing and sound experience

The a5 Gen5 AI Processor analyses the original content and optimises it for improved quality.\*

*\*Image quality dependent on source material*

## ThinQ AI and webOS 22

Need inspiration for movie night? LG ThinQ AI gives recommendations\* based on your taste. Set up profiles for everyone at home so they can quickly dive back into their favourite TV series, and receive tailored news and sports updates.

*\*LG ThinQ account required. Internet connection and subscriptions required*

## A new league of gaming

LG TV brings access to hundreds of new games to you, with NVIDIA GeForce Now built-in.\*

*\*Internet connection required. Subscriptions and data costs may apply. Content, features and third party services will vary from time to time without notice. Compatible controller required.*

## Game Optimiser and Game Dashboard

Game Optimiser keeps your gaming settings in one easy-to-use menu, while the upgraded Gaming Dashboard provides quick access to your current settings.

13 Google Assistant™ and Amazon Alexa™ functionality require an internet connection as well as a Google or Amazon Account (as applicable). Apple AirPlay® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Google is a trademark of Google LLC. Amazon, Alexa and all related logos and motions are trademarks of Amazon.com, Inc. or its affiliates. AirPlay is a trademark of Apple Inc.

14 Internet usage charges and conditions apply. WebOS internet browser supports AV1, HTML5, VP9 and HEVC, not for video streaming. Content and features will vary from time to time without notice.

15 Freeview uses HbbTV technology which combines broadcast & internet streaming. Data usage charges & conditions apply.

16 Miracast compatible Android device required for this feature.

17 LG ThinQ App on compatible Android devices (Android 5.0+) and iOS devices (iOS 11+). Device must be in range, on the same Wi-Fi network as the TV.

18 Apple AirPlay 2® and HomeKit® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. AirPlay® and HomeKit® are trademarks of Apple Inc.

19 Dolby Atmos source content required for full audio effect.

20 WISA compatible speakers required. (Sold Separately)

21 Check TV User Guide for compatible game controllers, headphones and speakers. Bluetooth Surround feature requires two matching compatible LG Bluetooth speakers.

22 Designed to work with compatible LG audio devices only.

23 A2, NANO75, UQ90: HDMI ports support HDCP 2.2, 60fps @ 2160p

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.
