

Key Features

1. Hygienic Steam cycle
2. BubbleStorm™
3. Heavy Duty+ cycle
4. Quick Wash cycle
5. Magic Filter
6. Vibration Reduction Technology
7. Tub Clean
8. Smart Check trouble-shooting
9. Soft-close glass door
10. 11 year Digital Inverter Warranty

1

Remove up to 99.9% of certain bacteria¹

Hygiene Steam cycle

Give clothes an intensive clean using hot water and steam. The Hygiene Steam cycle¹ washes at 60°C to sanitise clothes and help remove up to 99.9% of certain common bacteria² and stubborn stains³.

2

Fast, efficient wash

BubbleStorm™ Technology

Wash faster and more efficiently with BubbleStorm™ using a combination of three specialist functions. Active Bubble™ dissolves detergent to create rich bubbles for fast penetration, Dual Storm™ pulsator cleans efficiently with its powerful whirlpool action and Speed Spray™ helps reduce rinse time with high force water jets designed to quickly remove detergent from clothes⁴.

3

Tough stains be gone

Heavy Duty+ cycle

Enjoy highly concentrated detergent washing with the Heavy Duty+ cycle. It washes using less water than a regular cycle for an intense cleaning action to help remove stubborn stains.

4

Small loads in 31 mins⁵

Quick Wash cycle

Cut down on laundry time without sacrificing cleaning performance. The Quick Wash cycle allows you to wash up to 2kg of laundry in 31 minutes so you can spend less time on chores and more time doing the things you love.

5

Helps keep lint off clothes**Magic Filter**

Keep unsightly speckles off your whites and darks and help prevent clogging up your drainage. Magic Filter with dual mesh effectively gathers lint and fluff during wash so clothes appear spotlessly clean. Clean-up is easy with 180° access to easily empty out the filter and help keep it working efficiently.

6

Peaceful washing, less noise**Vibration Reduction Technology**

Do your laundry when it suits you without worrying about disturbance. Innovative Vibration Reduction Technology helps reduce noise and vibration during washes⁶ by keeping the tub balanced, even at high speeds.

7

Easy maintenance**Tub Clean**

Keep the door and inside of your top load washer fresh with Tub Clean, designed to help remove detergent residue and dirt build up inside the drum and around the door gasket without using any harsh chemicals. It even notifies you when its time to clean again!⁷

8

Easy trouble-shooting**Smart Check**

The Smart Check error-monitoring system helps detect and diagnose problems for quick and easy troubleshooting solutions sent directly to your compatible smartphone⁸ to help save on laundry down-time or engineer call-outs.

9

Convenient Design**Premium Soft Close Door**

Avoid loud bangs from the lid shutting unexpectedly. The Soft Close Door shuts safely, gently and silently with the help of a damper that is designed to automatically slow down movement of the lid. The clear tempered glass window allows you to monitor your wash without lifting the lid.

10

Peace of Mind**11 year parts warranty on the Digital Inverter Motor**

Digital Inverter Technology uses strong magnets for a quiet and powerful performance. By eliminating the use of brushes, you'll enjoy a quieter wash⁹ without friction and outstanding durability backed-up by our 11 year warranty¹⁰.

DISCLAIMERS

1. Available when washing laundry loads up to 5kg.
2. Based on the Intertek test report for the Hygiene Steam course. Removes 99.9% of certain bacteria, including *Staphylococcus aureus* and *Escherichia coli*. Individual results may vary.
3. Based on internal testing. The optimal temperature may vary depending on the type and condition of dirt and stains.
4. Based on third party testing when comparing individual soil/stain removal, BubbleStorm technology is statistically better or equal to liquid when comparing soil/stain removal at the same temperature.
5. The Quick Wash cycle can be adjusted for loads 2kg or less, with as little as 31 mins for a complete wash cycle for lightly soiled laundry.
6. Based on internal testing compared to Samsung model without VRT Technology.
7. Recommended for use every one or two months depending on frequency of use or when the alert icons turn on.
8. Available on compatible iPhones and Android devices. Service call-outs may be required and can incur extra repair costs. Bluetooth must be switched on.
9. The level of noise reduction is 3dBA in general. Based on internal testing of a WA6000R with a Digital Inverter Motor and a Rainno PJT with a Universal Motor. Results may vary depending on the actual usage conditions.
10. 11 year parts warranty on the inverter compressor. See warranty card or visit www.Samsung.com.au for details.

SPECIFICATIONS

Model Code	WA10A8376GW
Material Code	WA10A8376GW/SA
EAN Code	8806094044836
RRP	\$ 1,149
Launch Date	March 2022

FORMAT

Type	Top Load Washer
Washing Capacity (kg)	10 kg

DESIGN

Body Colour	White
Door Colour	Tempered Glass

PERFORMANCE

Energy Consumption (annual)	(Cold) 92 kWh/yr (Warm) 356 kWh/yr
Energy Rating	4 stars
Water Consumption (per cycle)	103 L
Water Efficiency (WELS) Rating	4 stars

PHYSICAL SPECIFICATION

Gross Dimension (WxHxD)	764 x 1195 x 793 mm
Gross Weight	65 kg
