Tapware | The perfect partners

Oliveri tapware has been selected from the world's finest manufacturers. In order to wear the Oliveri signature it must be of the highest quality, elegant in design and functional. The taps are carefully chosen to complement the clean lines of your Oliveri sink while performing with the utmost reliability when connected to a variety of hot and cold water systems.

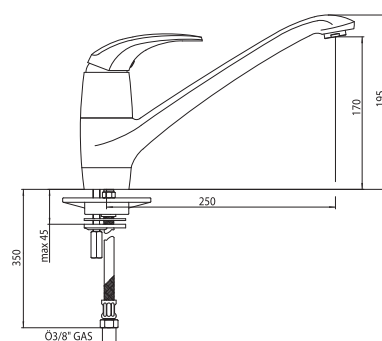

Oliveri mixer taps are WELS compliant

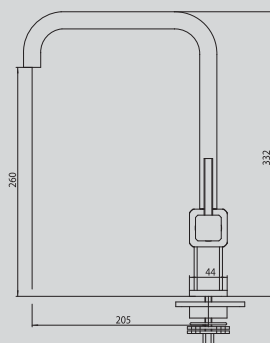

PA113/2

Total elegance and a flawless design which rises above constantly changing trends is a feature of the PA113/2. It is a solid brass heavy duty model that has been selected for the Oliveri collection as a partner to the ever popular undermount sinks and the Nu-Petite range. This Italian mixer tap features a dual action water saving cartridge which also reduces splash and water hammer, whilst its control handle is ease of action to operate.

SQ107

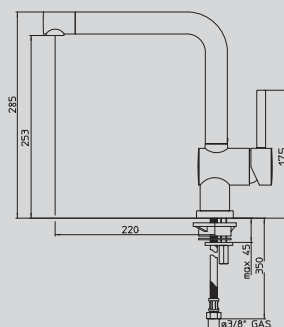

When the design calls for a square or cubism look then the SQ107 will appeal. The square Gooseneck style spout is complemented in design with a solid brass cartridge holder and matching control lever. If it's a statement of design that you want to achieve in your kitchen then marry the SQ107 with either the Oliveri Professional or Sonetto undermount sinks it is equally fashionable when used with the Nu-Petite range.

SS913

Style, sophistication and beauty in a heavy duty mixer. The right angled spout has sufficient height above the sink to accommodate the largest kitchen pots & pans and was designed to fit in with the minimalist look that is achieved in Solid Surface where the sink is undermounted in the bench top. Manufactured in Italy its style also complements the Nu-Petite design.

7.0 litres per minute

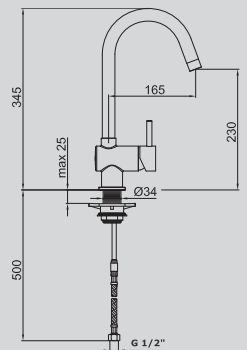

KE2030

A new generation in Italian design that gives the correct balance between the shapes of the spout, body & handle. The elegant right angle spout has a style that favours the Oliveri & Nu-Petite square lined sinks. Its unique design will complement the minimalist style that is much a part of modern kitchen design.

WELS 3 star water efficiency rating
8.0 litres per minute

IP2030

Contemporary, functional design in a Gooseneck style mixer which allows for maximum use of Oliveri's deep bowl sinks when filling large pots. An ideal partner for Oliveri Monet & Solitaire sinks, its style also complements the round corner look of the Petite & Perle sink ranges. Of the highest quality, this mixer is manufactured in Italy.

TN2010

As granite and other solid surface benches gained popularity it was necessary to design tapware that would complement this form of installation. The TN2010 meets the criteria with its heavy duty, solid brass body and 180 degree swivel spout. Practicality is not its only virtue as the design is elegant and fashionable when used in Solid Surface bench tops and combined with an Oliveri undermount sink.

MA4010

This timeless designed mixer features a pull out shower head that changes from a stream to a fine spray at the flick of a button. With an easy action handle it is finished in bright chrome for ease of cleaning. Manufactured in Italy this mixer is at home on any Oliveri sink or solid surface installation.

HB2030

For that extra bit of sophisticated style and elegance in a Gooseneck mixer the HB2030 has it all. The tap body and cartridge assembly are mounted diagonally thus the control handle is located in a higher more comfortable position, whilst giving it a design feature all of its own. Equally at home with Oliveri Monet & Solitaire sinks, this Italian made mixer will add style in any installation.

MV617/6

From washing vegetables or salad to filling large pots, the Oliveri MV617/6 is a kitchen essential. This Italian made mixer tap features an extendable shower head, and clever soft opening action which reduces splash and water hammer. The solid curved handle was designed to complement the soft curves that are a feature of the Oliveri Monet & Solitaire sink collections.

MG513

A tall heavy duty mixer tap which incorporates smooth curves that complement the design of many of the larger Oliveri sinks. A generous spout height allows plenty of room to get the biggest roasting dish underneath, while the simple one touch control lever is conveniently located to the side. This Italian made beauty is a perfect partner too many Oliveri sinks that feature curves such as the Monet, Solitaire and Manhattan ranges.

PS113/1

This timeless design incorporates a generous reach swivelling spout with a handle that is smooth and light to operate. Finished in easy to clean bright chrome, this Italian made mixer tap is very much at home on any Oliveri sink. It is easily identifiable as the Oliveri signature of quality is displayed on the control handle.
