

60CM CERAMIC COOKTOP

DTCH60B

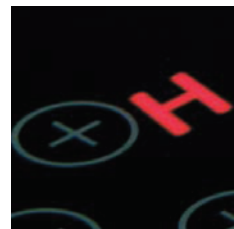

DTCH60B – 60cm 4 Burner Touch Control Ceramic Cooktop

- Four rapid response hi-light elements including one dual zone
- Booster function on each cooking zone
- Simmer control at low temperature
- Residual heat warning and element in use light
- Built in timer up to 99minutes per zone
- Easy to clean ceramic shatterproof safety glass
- Safety cut-off on all four heat zones
- Electronic touch controls
- Frameless bevelled glass

RESIDUAL HEAT INDICATOR

The residual heat indicator is a safety feature showing which hob remains hot

TOUCH CONTROL

For total control, the built in touch control system keeps the heat level just one touch away

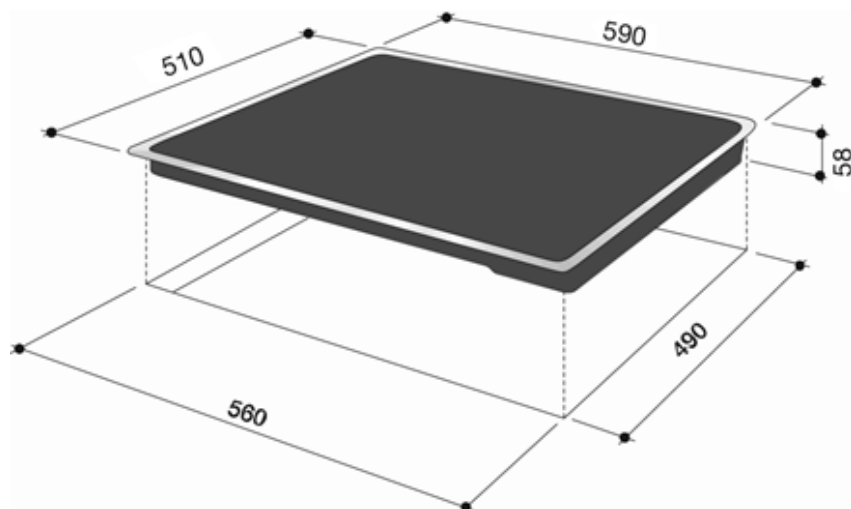

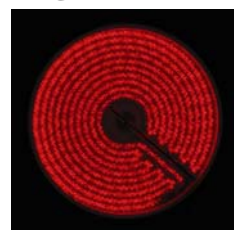

FRAMELESS BEVELLED GLASS

The frameless beveled glass is another one of DeLonghi's functional solutions to cleaning. There are no corners or cracks to worry about food getting stuck in.

Hi - LIGHT ELEMENT

The heating element is formed of a coil of resistant material which reaches the working temperature quickly

Who can resist a good looking Italian?
