WTG8520

8.5kg Top Load Washing Machine with
Smart Inverter Motor

Turbo Drum for Efficient Washing

Available October 2017

Features

- ✓ **TurboDrum**
- ✓ **No Agitator**
- ✓ **Transparent Glass Lid**
- ✓ **Smart Inverter Motor**
- ✓ 8.5kg Capacity
- ✓ 700rpm
- ✓ Smart Diagnosis™ 2.0
- ✓ 7 Washing Programs with 5 Options

TurboDrum

LG TurboDrum - allows the drum and the pulsator to rotate in opposite direction to each other. This improves the washing action, giving a quality wash.

No Agitator

No Agitator - with no agitator taking up valuable space inside the tub, you can fit larger items and not have to worry about loads becoming unbalanced. Having no agitator also helps to minimise stretching or tangling.

Transparent Glass Lid

Transparent Glass Lid - a strong transparent glass lid that provides easy viewing of drum contents.

Smart Inverter Motor

Inverter technology controls the speed & direction of the motor to provide an efficient washing experience, with increased durability and stability with low vibration - that's why you get a 10 Year Parts Warranty on the Smart Inverter Motor.¹

¹ 2 Years parts and labour + 8 years on Smart Inverter Motor (parts only)
