

Welcome to Skype™

With Skype on your TV, you can enjoy large screen video calls.

NOTE

- It is free to create a Skype account and make Skype-to-Skype voice and video calls.
- Skype is not a replacement for your telephone and can't be used for emergency calls.
- For detailed Skype information, please visit the following website:
<http://www.skype.com/>
- Calling phones and mobiles, sending SMS (short message service) mail and saving instant messages are not available.
- You might not be able to enjoy Skype on your TV while using a specific function. In such cases, please stop the specific function.
- Depending on the Skype version being used by the contact you are calling, you may not be able to perform some operations.
- Skype, the Skype Logo and the S logo and other marks indicated on these instructions are trademarks of Skype Limited or other related companies.

PREPARATION

To enjoy Skype, the following preparations are required.

- Broadband Internet environment
- Communication camera for Skype
- TV software updated to a version that supports Skype
- A registered Skype account or an E-mail address to create a new Skype account

NOTE

- Depending on the network environment used, the speech/video quality may deteriorate.

Buy a communication camera

Follow the website guidance below and purchase a communication camera compatible with Skype.

★ Available from <http://freetalk.me/product/sharp/>

NOTE

- The Skype FREETALK® communication camera is not supplied by Sharp.
- Other cameras and webcams are not compatible with AQUOS TVs.

Update your TV

- 1 Press  or **INPUT** on the remote control to display the "INPUT" screen.
- 2 Confirm that there is a Skype selection on the "INPUT" screen.
If there is "Skype": You do not need to update. Go to next page, "GETTING STARTED".
If there is no "Skype": Follow the AQUOS world website guidance in step 3 and download the software update file to the USB device.
