

Window Wall

AIR CONDITIONING RANGE

Australians love
a Kelvinator

Australians love a Kelvinator

For over 90 years, Kelvinator has been delivering reliability and performance to Australian families. It's a brand you can trust to get the job done well and it's easy to see why. There's peace of mind in knowing that with Kelvinator, you will be comfortable for years to come.

Designed for simplicity, longevity and superior performance, you can simply sit back and enjoy the benefits.

Air conditioning features

Brand

All Kelvinator products go through rigorous testing to ensure they meet stringent Australian performance and quality standards.

Simple, economic and reliable

Because there are no separate indoor and outdoor units, it's easier to install a window wall model. And because it's a Kelvinator, you know it is reliable and built to last.

Compact

The super compact design means that window wall air conditioners are discreet and unobtrusive in your home. They are also perfect for cooling smaller family homes and space-restricted areas.

Control from the comfort of your armchair

All models come with a remote control that lets you conveniently control all functions. Depending on which model you choose, other great features include auto air swing left-right to give a natural feel to air movement, auto restart, climate control, timer, sleep mode and a 3-speed fan for lower energy consumption and greater comfort.

(Excluding model KWH15CME).

Fresh air delivery

The fresh air return provides additional ventilation to your room and can also assist in humidity control. The easy-to-service dust filter removes dust and other larger airborne particles for cleaner air.

Choosing the right air conditioner

It's important to select the right sized air conditioner for your room in order to ensure effective and efficient cooling and heating.

1. Total size of room (m²)?

2. Direction the main window faces?

3. Do you have ceiling insulation?

4. Do you require an air conditioner that heats and cools or cools only?

Go to kelvinator.com.au/AirConSelectionWizard.

Warranty

Electrolux Home Products Pty Ltd and Electrolux (NZ) Limited (collectively Electrolux) warrants that for domestic applications the appliances featured in this brochure are free from defects in materials and workmanship for 5 years and warrants that for featured accessories a period of 12 months, following the date of original purchase and subject to the conditions set out in the warranty card accompanying the product when purchased. This warranty is in addition to the other rights and warranties you may have under the Australian Consumer Law (ACL) and Electrolux will at all times comply with its obligations at law including the ACL. For New Zealand customers Electrolux will at all times comply with its obligations pursuant to law including the Consumer Guarantees Act, the Sale of Goods Act and the Fair Trading Act. Where appliances are purchased in NZ for commercial purposes the Consumer Guarantees Act does not apply.

***Product information**

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Electrolux will at all times comply with its obligations pursuant to law. Colours of products illustrated are as close as printing limitations allow.
