FlexySense Drying System

The machine is able to sense the level of dryness required for the load and will automatically stop once the level has been achieved.

Aquawave Drum Technology™

Thanks to its new drum, paddle and door design, Aquawave™ Technology of Beko dryers provide gentle yet effective drying conditions for all garments, making them last longer.

Auto Anti-creasing

In Beko dryers, the anti-crease function automatically follows the drying cycle. This provides crease-free ready-to-go laundry.

Reverse Drum Action

All Beko tumble dryers operate with a reverse drum action, which provides homogeneous drying and prevents creases.
