

PAL® BT shown in Black, Red, Yellow/Black, Chrome, Blue, Pink, and White

PAL® BT Portable Audio Laboratory®

AM / FM / Bluetooth® portable radio

Classic style in a bold new look

Tivoli Audio has never been one to create products in just one or two colors. We believe each person is as unique as the music they listen to, and with this in mind, we have created seven bold color options for the PAL BT to reflect your style. The new PAL BT has updated Bluetooth and improved sound quality. The weather-resistant cabinet and long-lasting battery allow the stylish PAL BT to bring hours of enjoyment wherever you need it. Stream via Bluetooth or fine-tune to your favorite AM or FM station with the prominent analog-style tuning knob. The simple hands-on controls are the antithesis of today's over-complicated speakers, staying true to the original vintage-inspired design of our original portable radio.

The PAL BT is the classic radio ready to go with you.
