Features

Multi Air Flow System

The CHiQ Multi Air Flow System ensures chilled air reaches each shelf quickly and uniformly to allow food to stay crisp for longer. Also the unique up turned air ducts design can avoid air-drying food.

Inverter System

The CHiQ super-efficient inverter system offers less noise, superior freshness and saves on energy consumption.

LED Display with digital Control

The LED digital temperature display and electronic controls ensures the optimum control of each zone and allows for seamless setting adjustments for different modes.

Frost Free

No ice build-up means no need to manually defrost but also maintains the right temperature for more effective food preservation.

Humidity Control Crisper

The integrated humidity control slider on the crisper can help the Fruit and vegetables stay fresher for longer.

LECO Antibacterial Preservation

Abnormal odours and microorganisms are dissolved by the CHiQ LECO System which also discharges natural CO₂ & H₂O material to actively eliminate bacterium.
