FEATURES & BENEFITS

SEAMLESS DESIGN

Install this dishwasher flush under your benchtop with minimal gaps. Designed to match our Contemporary family of appliances with a recessed handle for a seamless finish in your kitchen.

ADVANCED DRYING

For beautifully dry dishes every time, this dishwasher features an advanced drying system. It combines fan-assisted drying with an automatic door opening at the cycle's end. The Auto Door Open

Dry feature releases excess steam, ensuring dishes are immediately ready for use or storage. An innovative air curtain channels the steam away from the adjacent benchtop, protecting your cabinetry.

AN EXCEPTIONAL CLEAN

This dishwasher offers eight wash programs including Glassware and Auto, which automatically senses the optimal wash settings for your dishes. The three-stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to top up for beautifully clean dishes.

CUSTOMISE YOUR WASH

Create the perfect wash with our range of modifiers, from Intensive for a thorough clean to Half Load, ideal for a partial load. The Sanitise modifier provides extra protection, killing 99.9% of bacteria* in the final rinse, while Dry+ is great for plastic dishes. *Certified to NSF/ANSI Standard 184

QUIET PERFORMER

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance, with minimal noise.

EFFICIENT PERFORMANCE

With a 4.5 star energy rating and 5.5 star water rating, this dishwasher delivers a powerful wash. Use the Eco wash program for optimal water and energy consumption, or choose when the cycle begins with Delay Start.

FLEXIBLE LOADING

Designed to fit 15 place settings, the tall height of this model lets you stack large items with ease. Adjustable rack options provide flexibility for any load, with a full-width cutlery tray, height-adjustable middle rack, cup holders and wine glass supports.
