PRODUCT DESCRIPTION – THE STORY

Why bring out the big guns when a little whipping is all it takes? Clumsy machines are too complicated to use, a big mess to clean, and can leave you wondering if it was worth the effort. This handy little mixer can handle anything from whipped cream to mashed potatoes, kneading bread dough or mixing cake batters. The powerful 5-speed BISTRO Hand Mixer is made from stainless steel, plastic, rubber and silicone. It not only looks fabulous, it takes care of business. It comes in eight luminous colors that brighten any kitchen and make your mixing chores feel more like fun and less like work. The cord rolls up inside the mixer for easy storage.
