

WINIX 4-stage air-purifier

Your solution for a cleaner, healthier indoor climate

WINIX - World leaders in the manufacture of high quality air-purifiers

This ultra-quiet air-purifier is easy to operate with auto 'set & forget' settings, sleep mode and replacement filter indicator, suited to effective cleaning within bedrooms and lounge-rooms

benefits

The Winix air purifier will improve the air quality in the home, office or medical premises by cleaning out the airborne pollutants like mould spores, dust and dust mite (faeces), pollens, smoke, pet dander, odours, harmful chemicals & gases and importantly viruses and bacteria.

While this cleaner air brings relief to asthma sufferers and anyone affected by respiratory issues, anyone can benefit from using the Winix air purifier to protect themselves from the harmful effects of polluted indoor air.

Breathe easier, sleep better, feel rested and more refreshed.

features

- **4-stages of air filtration**
- Suitable for room sizes up to 33 square meters
- Lightweight and easy to move from room to room
- PlasmaWave™ technology - neutralises pollutants with positive and negative ions (no harmful ozone)
- Certified H13 Hospital-grade True HEPA filter - captures 99.97% of airborne pollutants as small as 0.3 microns
- Carbon filter - removes smells and other household odours
- Certified clean air delivery rates
- Energy efficient as low as 0.2 cents/hour to operate
- Low noise levels
- Air quality sensor – measures and displays the indoor air quality
- Auto mode smart sensor – measures and allows 'set & forget' while air quality is measured and controlled
- Sleep mode – dims the panel lights at low speed to keep room dark & quiet
- 4 fan speeds – flexibility of manual adjustment
- 'Turbo' fan speed allows increased air circulation to clean pollutants very quickly
- Replace filter indicator – provides warning when air filters require replacement
- Replacement air filters – reliable availability at 'value for money' prices
- **full 2 year domestic replacement warranty / 3 month commercial warranty**

WINIX True HEPA air-purifier micron scale

not all air-purifiers are created equal

The WINIX True HEPA Air Purifier with PlasmaWave™ Technology effectively removes particles **as small as 0.3 microns (µm)** with 99.97% efficiency.

hospital-grade true HEPA filtration

Captures 99.97% of airborne pollutants, pet dander and allergens as small as 0.3 microns

PlasmaWave™

Attacks pollutants at a molecular level to neutralize viruses, bacteria, chemical vapours & harmful gases without producing harmful ozone

carbon-filter

Advanced odour control (AOC) formulated to capture offensive odours such as pets, smoke, cooking & other household odours

air-quality smart-sensors

Automatically adjusts settings to suit changing indoor environment

pre-filter

Washable anti-bacterial pre-filter extends life of HEPA Filter by capturing larger airborne particles

remote control

Control the operation of your purifier from across the room

AHAM certified

Association of Home Appliance Manufacturers certified recommended room sizes, as well as the Clean Air Delivery Rate (CADR) suited to effectively reduce pollutants such as smoke, pollen & dust

H13 certified

Hospital-grade True HEPA Filter certification confirming H13 level purification removing 99.97% of airborne pollutants, allergens, viruses & bacteria as small as 0.3 microns

Detailed Specifications

Model Information

Model	AUS-5500
SKU#	115105
Product Name	Winix 4-Stage Air Purifier
AHAM (Association of Home Appliance Manufacturers) room size rating	Suitable for a large room – 33sq m (33m ²)
AHAM CADR (Clean Air Delivery Rate) scores	236/248/252 (Smoke/Dust/Pollen)
Replacement Filters	Value Pack, H13 HEPA, Carbon 4 Pack
