### BENEFITS

---

#### FamilySafe doors

For extra peace of mind and safety in the kitchen, we've developed multi-layer glazed oven doors with an even cooler. The Westinghouse cool doors are safer for families with young children and create a more comfortable environment in the kitchen. And the benefits don't stop there. The full-width inner glass door also ensures a better oven seal, optimal temperature control and easier cleaning.

#### Room for everything with FamilySize Ovens

Whether it's a big family gathering or a simple Sunday roast, you'll love Westinghouse Family Size ovens, our huge 80-litre gross capacity ovens with room for everything. The home cook's delight, the impressive width makes it super easy to get things in and out of the oven. Plus it can also fit even the largest turkey or lamb roast, so you'll never have to worry about not fitting food in. Add in A-Class energy efficiency to European standards, low heat emissions and a super quiet operation, and you have all the ingredients for the perfect oven.

---

#### Anti-spatter grill inserts

Anti-spatter grill inserts provide a safer and more convenient way to grill ensuring cooking fats drain away from food for healthier cooking.

#### Separate grill

The separate grill offers greater flexibility as you can grill and bake simultaneously, which is great when you are entertaining. Separate oven and grill mean odours don't transfer between foods.
