EZKleen Stainless Steel

Dimensions

Depth	571mm
Height	A 478mm
Width	B 895mm

Features & Benefits

Ease of use

DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking allows you to make adjustments to fit in a variety of dishes.

Quiet performer

Running at a very low decibel rate, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

Designed to match

DishDrawer™ Dishwashers are designed to match the Fisher & Paykel family of kitchen appliances, with matching handles, premium styling and quality materials for a stylish finish in your kitchen.

Flexible wash options

DishDrawer™ Dishwashers feature many programs including: Rinse, Fast, Delicate, Normal Eco, Normal and Heavy allowing you to wash everything from fine glass and crystal to heavily soiled pots and pans at the touch of a button.

Nine Wash Options

All DishDrawer™ dishwashers feature nine wash programmes tailored to different washing requirements: Rinse, Fast Eco, Fast, Delicate Eco, Delicate, Normal Eco, Normal, Heavy Eco, Heavy. The range of settings enables DishDrawer™ to wash everything from fine glass and crystal to heavily soiled pots and pans at the touch of a button. Primary and secondary controls provide a simple interface for programme selection and operation while the delay start setting means the dishes can be done when it's most convenient.

Adjustable racking

DishDrawer™ includes a range of flexible and adjustable racking options for different wash requirements. The cutlery basket can be customised for different utensils and incorporates a separate small item container for easy loading and unloading. Adjustable folding tines allow greater flexibility to customise loads. Tines can be folded flat to accommodate a full load of pots and pans or fold up to hold delicate glassware and crystal. Wine glass holders ensure delicate glasses are secure throughout the wash and all side racking is fully adjustable to accommodate short stem and long stem glasses. Added retainer clips are ideal for holding chopping boards and plastic containers in position during wash cycles.
