FAN FORCED

Ideal for baking large quantities of food as it allows you to use every shelf

BAKERS FUNCTION

Sensational for dishes with a pastry base — produce wonderfully crisp pies, tarts and quiches, every time

FAN GRILL

High power full-width grilling producing succulent grilled meat, chicken or fish, while at the same time baking vegetables & dessert below. Also great for chips. The oven door must be closed while grilling.

STATIC GRILL

Radiant heat is directed straight onto the top of your food. Use this function for toast, cheese melts, focaccia etc. Oven door must be closed while grilling.

ECO CONVECTION

A gentle heat for long slow cooking of fruit cakes, casseroles & slow roasts. Single level cook using the middle zone of the oven to achieve perfect results.

VAPOUR CLEAN

Regularly add a little water to the oven floor cavity and spray some water and detergent over the oven cavity walls. Select Vapour Clean and allow the vapour to soften any residue for easy wipeover.

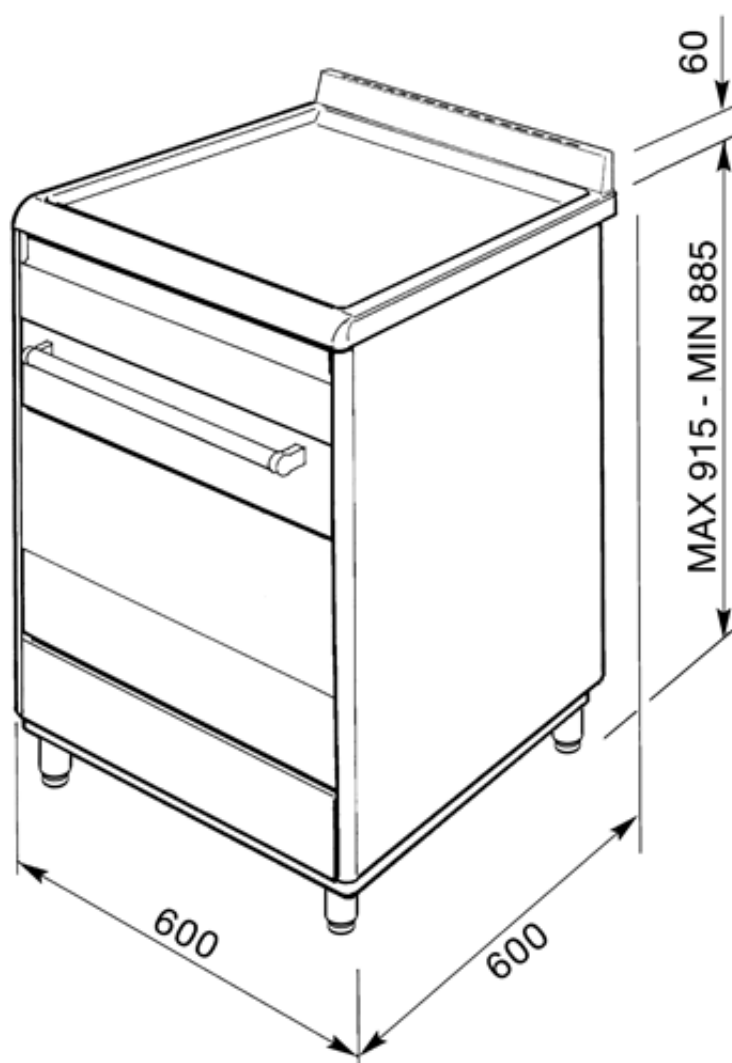

BASE HEAT

For crisp pastry or any dish needing a higher base temperature; will also keep a full oven hot without overcooking. Great for perfect pavlova!
