

SP70Y

380W 3.1.2ch, Dolby Atmos Soundbar

Release: April 2021

Creating great sound with Meridian Technology

LG Sound Bar SP70Y comes with Meridian advanced digital signal processing technology. Experience high fidelity sound and a wide sound stage.

The immersive power of Dolby Atmos®

Get wrapped up in sound. Dolby Atmos® and DTS:X® audio on games, movies and music lets you hear effects from front and above. Feel immersed in entertainment, with virtual surround sound.

*Dolby Atmos® enabled TV and compatible source content required. DTS:X® available via HDMI pass-through.

Enjoy adaptive audio with AI Sound Pro

Great sound, scene-by-scene. An upgraded algorithm identifies voices, effects, and frequencies then adjusts the EQ sound by genre, so you can hear soundtracks optimised to what you watch*.

*Effect may vary depending on source content.

Incredible 3.1.2 channel sound

Discover virtual surround sound. With 3.1.2-channel audio, 380W power and a subwoofer, LG Soundbar SP70Y is designed to take your listening experience from good to great.

Enhance games, sport and more with new Sound Modes

LG Soundbar comes with special sound modes. Specifically developed by LG to enhance voices, gaming and sports, the modes help deliver incredible sound whether you love to watch or play.
