

installation guide

electric wall ovens with separate grill

models: EXC614 (S/W), EXC624 (S/W)

oven dimensions

	A	B	C
Flush fit	600	893	581 min
Proud fit	565	885	560 min

C = from face of cabinet/door to rear of enclosure.

Cabinet construction for your appliance

For the best integration within a kitchen, install this appliance in a standard 600mm wide cupboard that gives a flush fit with the surrounding cupboard fronts. A recess of 20mm is ideal.

It can also be installed using a proud fit with the surrounding cupboard.

installation guide

electric underbench ovens with separate grill

models: EGC624 (S/W), EGC634 (S/W)

oven dimensions

	A	B	C
Flush fit	600	731	581 min
Proud fit	565	718	560 min

C = from face of cabinet/door to rear of enclosure.

Cabinet construction for your appliance

*Visible front surface from bottom of door to top of control panel = 720mm (to match standard cabinet door height).

Separate grill underbench oven installation requires kitchen kick panel to be rebated (see diagram on the left).
