Vegetable Drawer

The drawer features a higher humidity than the main refrigerator compartment and is ideal for storing and keeping fruit and vegetables crisper and fresher for longer.

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and the Ice Maker is ready to go!

Sliding Cases

The Double Sliding Cases allow for easy access and greater storage. Ideal for separately storing dairy products, fresh fish or meat and chilling drinks.

2-Way Flexi Glass Shelf

Make the Tempered Glass shelf deeper or push it in for more space. It is ideal for storing taller items such as a salad or dessert bowl.

Freezer Drawer

It is roomy enough to fit bulky items such as ice cream tubs, loaves of bread and frozen vegetables.

3.5 Star Energy Rating

Introduction of an inverter compressor and design changes deliver a 3.5 star energy rating and reduced power consumption compared to non-inverter models.
