Enhancing  
your outdoor experience

## How about the world's first approved dishwasher for outdoor use?

Australians love of the great outdoors has made alfresco living the heart of many Australian homes. Whether cooking a BBQ for the family, entertaining guests, or simply enjoying a quiet lunch on a beautiful day, there is one thing missing from every Australian alfresco – an outdoor dishwasher! However, this outdoor dishwasher is no longer missing, ASKO Appliances are proud to announce the addition of an outdoor dishwasher to their range.

The outdoor dishwasher is a must have item for any alfresco. Furnishing an alfresco is not cheap, you have invested in a dining table, chairs, a BBQ, shelves, perhaps a freestanding hammock, and maybe even a sink and teriyaki cooker, the only thing you need to compliment these items is an outdoor dishwasher. Having an outdoor dishwasher will make your alfresco the envy of any home.

## Why an ASKO outdoor dishwasher?

Its close proximity to your alfresco dining area means you won't have to carry large loads of dirty plates, glasses, cutlery, greasy barbeque tools, trays, cutting boards, and anything else used to create your ultimate outdoor feast through your home.

## Conversation starter

Its close proximity also means that you won't miss out on valuable conversation time with your guests, and let's face it; this dishwasher is the ultimate conversation starter.

## All steel outside

Its stainless steel exterior is stylishly designed to enhance the visual appeal of your alfresco area.

## Flexible loading options

It has more than enough room to fit anything you need cleaned. Wine glasses, no matter their size, can be stacked easily and safely, and will come out sparkling clean, and let's be honest wine glass cleanliness is extremely important to any outdoor meal.

The outdoor dishwasher is exclusive to ASKO and has been designed to enhance the great Australian outdoor lifestyle. With all these reasons - plus more, the outdoor dishwasher is a must have for anyone who loves the great outdoors. Once you have one, you'll wonder how you ever lived without it.
