

PRODUCT HIGHLIGHTS

180ML CAPACITY

The milk frother has a generous capacity of 180ml of milk or 120ml of froth, perfect for a single user.

SUITABLE FOR HOT AND COLD DRINKS

The milk frother is the ideal appliance for preparing delicious hot and cold drinks, just like the ones that you would enjoy in a coffee shop. From cappuccino to hot chocolate or even an iced macchiato, enjoy the perfect cup from the comfort of your own home.

CERAMIC COATING

The frothers internal carafe is ceramic coated, helping to prevent stubborn burnt on stains that can be easily removed with a sponge and soapy water.

MFF02 Milk Frother
