

KV394MB 90CM CLASSIC VERTICAL RANGEHOOD

MADE IN ITALY

Since 1948

RANGEHOOD FEATURES

EAN	8017709319816
Dimensions	895mmW x 459mmH x 439mmD
Finish	Matte black
Hood type	Vertical/decorative rangehood
Installation	Wall mounted
Motor	1 x 230W
Max airflow	729 m ³ /h (IEC 61591)
Noise rating	47 - 69 dB(A) (IEC 60704-2-13)
Illumination	2 x 1.1W LED
Dimmer mode	Yes
Light colour temperature range	4000° K
Speeds	3
Intensive speed	Yes
24 hour air filter function	Yes
Autovent 2.0	Yes
Time setting options	Automatic switch off
Control	Back-lit touch control
Supplied accessories	2 x aluminium grease filters
Ducting Options	Duct to atmosphere or recirculate — 1 x 150mm diameter ducting required
Power	220 – 240V, 50 – 60Hz 10A Connection (3-pin plug)
Warranty	Two years parts and labour

AUTOVENT 2.0

A smart technology system that uses Bluetooth to connect compatible Smeg induction cooktops to the rangehood and automatically adjusts the extraction speed based on the temperature and power of the paired induction cooktop.

CLEAN AIR

The 24 hour air exchange function makes the rangehood work for 10 minutes, every hour at very low speed and low noise, for up to 24 hours to purify the air of the house, with low energy impact.

PERIMETER EXTRACTION

Rising vapours are led outwards along the peripheral areas of the plate, sucked to the outer edges and directed to the filter located behind. At the edge of the rangehood, a high airflow velocity is created, which ensures that vapours cannot escape laterally.

INTENSIVE FUNCTION

Operate the hood at maximum power with the Intensive function, helping to speed up the elimination of the most persistent odours.

DELAY FUNCTION

The Delay function ensures quick and efficient extraction of residual smoke, moisture and grease particles in the air after cooking.
