

Omega Cooktops

OCG95FFX

Omega 90cm 5 burner gas cooktop with cast iron trivets, flame failure, electronic ignition and black glass with black aluminum finish.

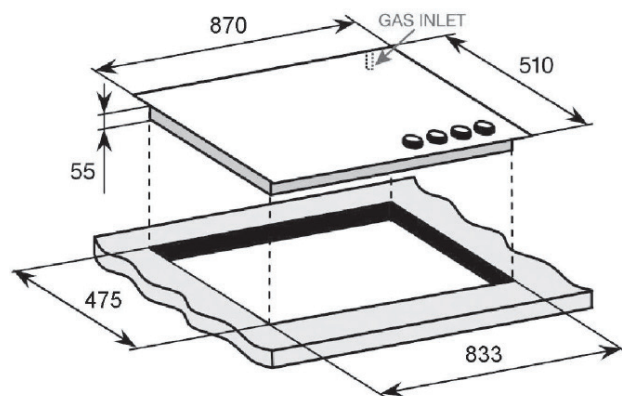

Technical details

Type of cooktop: Gas
 Ignition: Electronic
 Burners: 5
 Gas type (natural/ULPG): Natural/ULPG
 ULPG adaptable: Yes, kit supplied
 Flame failure device: Yes
 Wok burner: Yes - left hand side
 Fish burner: No
 Total power rating: 43.1mj/hr* over five burners
 Power: Wok - 14.5mj/hr*
 Front right - 7.1mj/hr*
 Front central - 4.1mj/hr*
 Rear right - 10mj/hr*
 Rear central - 5.4mj/hr*

Maximum current: 10 amps
 Connection: 240V, 50Hz
 Installation: Flex and plug
 Warranty: 24 months parts and labour
 Made in: Italy

Aesthetics

Finish: Black glass with black aluminum finish
 Type of controls: Knob - silver
 Number of controls: 5
 Location of controls: Front middle
 Material of trivets: Cast iron trivets and burner caps

Dimensions/weight

Overall dimensions (mm): 55h x 870w x 510d
 Cut-out dimensions (mm): 833w x 475d

FLAME FAILURE

CAST IRON TRIVETS

MADE IN ITALY

WOK BURNER

Key features	Benefits
Flame failure	A flame failure device ensures gas cannot flow from the cooktop when no flame is present. No flame = no gas flow = a safer home.
Cast iron trivets	Cast iron trivets are heavier and more durable than typical enamel coated trivets. This results in a more stable cooking surface and less chance of damage to the cooktop.
Wok burner	Wok burners provide high heat that is needed for effective wok cooking. Not only is it suitable for Asian cuisines it is also a powerful gas burner perfect for accelerating the cooking process.
