Benefits

Sleek linear design

With its distinctive linear design, the Electrolux barbecue range is sure to impress. Sleek lines, cutting-edge style and a top-class range of innovative features have created the perfect addition to your outdoor entertaining area.

Made for style and durability

Designed to withstand our tough Australian climate, all stainless steel components are commercial grade. So you'll enjoy great looks and a superior performance for years to come.

Even heat distribution

The state-of-the-art cooking surface features six powerful burners to ensure precise heat distribution and amazing results every time. Plus you'll enjoy peace of mind knowing that your food will always be cooked evenly and just the way you like it.

MaxiPlate™

Take your barbecuing to the next level with MaxiPlate™. Designed to fit perfectly over the four centre burners of the barbecue, this clever cast iron hotplate will have you cooking like a pro. With one control igniting two burners at a time, simply select your desired heat level and enjoy the ideal set-up for consistently even grilling, searing or roasting.

Intuitive controls

Designed for form and function, the ergonomic controls complement any suitable bench or workspace. Each control features power level indicators to eliminate guesswork and ensure perfect results every time.

Reliable cast

Enjoy fast heat-up, superior heat retention and consistent cooking results with the cast grill and cast hotplate. The cast elements are also simple to clean, so you can keep your barbecue looking its best for many years to come.

Superior oil management system

Healthier cooking and an easy-to-clean barbecue are yours thanks to the superior oil management system. Oil and waste run into easily removable containers at the front of the barbecue, while the unique angled surface drains oil away from food.

Intensive Cleaning Cycle

Keep your cast iron hotplate and cast iron grills looking their best with our quick and easy cleaning feature. Simply open your barbecue hood or lid, remove any stainless steel attachments and turn on all burners to boost level. In 30 minutes, cooking residue will turn to ash, so all you need to do is wipe clean.

Effortless entertaining

Turn everyday outdoor entertaining into a gourmet experience. The optional integrated QuadBurner™ is designed to sit alongside the integrated barbecue. With uncompromised power and lashings of style, you can easily cater to any number of guests and their tastes.

A five-star barbecue experience

From a Gourmet Pizza Pack to protective weatherproof covers, our broad range of optional extras can help you create your perfect barbecue. Plus, whether you prefer an open grill or a solid hotplate, our range of customisable cast iron furnishings offers different cooking configurations to suit your needs.
