

8.5Kg QuickDrive™ Front Load Washer WW85M74GNOR

Key Features

1. QuickDrive™ Technology
2. AddWash™ Door
3. Auto Detergent Dispense
4. Auto Optimal Wash Cycle
5. Q-rator Smart Laundry Assistant
6. Hygiene Steam Cycles
7. 39 Min Super Speed Cycle
8. BubbleWash and BubbleSoak
9. 15 Min Quick Wash

Key features & message hierarchy

Washes in up to half the time with 20% less energy

QuickDrive delivers a full clean performance in up to half the time, using 20% less energy.¹ Its unique main drum and back plate rotate independently, moving clothes dynamically to wash quickly, yet gently by double forces.

Add items during the wash

The AddWash™ door lets you add clothing or fabric softener during the wash, without draining the drum.² You can also add hand-washed clothes that you just want to rinse or spin dry. And you can air the drum between washes without leaving the main door open.

Measures the right dose every wash

Auto Detergent Dispense weighs each load to measure the right dose of detergent for optimal cleaning while helping to reduce detergent wastage.

Does the thinking for you

The Auto Optimal Wash Cycle uses inbuilt sensors to determine how dirty the load is and adjusts the water, detergent and rinsing time accordingly.

Smart laundry assistant

Q-rator smart laundry assistant app helps you select the optimal wash cycle for each load and allows you to start, stop and monitor your wash remotely from your smartphone.³

Additional Features

Steam away various germs and allergens

Get added piece of mind with our Hygiene Steam Cycles which attack various allergens and up to 99.9% of certain common bacteria.⁴

Hard on dirt, soft on clothes

BubbleWash™ helps generate foam by pre-mixing detergent with air and water from the beginning of the cycle. BubbleSoak™ is an optional pre wash treatment which thoroughly soaks clothes in the bubbles before the wash starts.

Powerful cleaning in 39 mins

Super Speed cycle now cuts the time of a 5Kg wash to just 39 minutes⁵. QuickDrive™ technology helps save time by moving clothes dynamically. The rinsing time is also shortened using a Speed Spray and accelerating the spin speed.

Small loads in 15 minutes

No time to waste? The Quick Wash cycle allows you to wash up to 2kg of lightly soiled laundry in 15 min when you're in a hurry.⁶

Stylish design

The full-width crystal blue door, not only looks stylish but helps makes it easier to load and unload clothes. The internal drum light helps you see inside and the premium silver control panel finishes off this stylish machine.

Better together

Pair with matching dryer DV90N8289AW for complete laundry style and performance. Space saving stacking shelf also available to safely stack your Samsung Washer and Dryer.

1. Compared with previous Samsung WW6500K. Saves up to 50% time and 20% energy on Cotton cycle (40°C, half load), based on third party testing conducted with reference to AS/NZS 2040.1.2005 and AS/NZS 2040.2.2005. Cycle duration may vary depending on the water supply and weight/type of laundry.
2. Add Door can be opened at anytime if drum water temperature is below 50°C and has stopped spinning.
3. Compatible device and internet required.
4. Based on third party testing conducted on selected bacteria (S aureus, E coli) and allergens, 2018.
5. Based on Super Speed at default settings with a 5kg load
6. The Quick Wash Cycle time can be adjusted for loads 2kg or less, with as little as 15mins for a complete wash cycle for lightly soiled laundry
7. 11 Year Parts Warranty on the Digital Inverter Motor. See warranty card or <http://www.samsung.com/au/support/warranty/> for more information.

SPECIFICATIONS

Model Code	WW85M74GNOR
