

DUALIT DOME KETTLE 1.7L – BLACK TRIM

PRODUCT SPECIFICATIONS

STOUT AND STURDY

The smaller of Dualit's two dome kettles offers a more traditional shape and pouring action with a 1.7 litre capacity. The 2.3kW element boils quickly, whilst two large integral viewing windows with cup-size indicators allow you to boil no more than you need each time.

KEY FEATURES

Rapid boil:

Concealed element for fast boiling

Cup level indicators:

Help you to boil only as much as you need

Build quality:

Generous capacity with a high quality stainless steel body
