ADWFI600

fully-integrated dishwasher

The upper basket is designed to hold more delicate and lighter dishware such as glasses, coffee and tea cups and saucers, as well as small plates and bowls and shallow pans (provided they are not too soiled).

It is suggested that large items, and items that are most difficult to clean, are placed in the lower basket — eg pots, pans, lids, serving dishes etc. It is preferable to place serving dishes and lids on the side of the racks to avoid blocking rotation of the top spray arm.
