TOP MOUNT FRIDGE | CTM409NBS5E

Inverter System | The CHiQ super-efficient inverter system runs quieter than traditional compressors, maintaining consistent cooling to keep food fresher for longer—while also reducing energy consumption.

Frost Free | The CHiQ Frost Freez feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Door Alarm | The door will ring after being opened for a period of time to remind you to close the door.

Electronic Control | You can use the digital display to adjust the temperature, to meet your requirements.

Humidity Control Crisper | You can adjust the integrated humidity control slider to low setting which allows fruit to stay fresh for longer or you can adjust the setting to high which helps leafy vegetables to stay crisp for longer.

Fast Cooling | When you are placing new items of food in the refrigerator you can activate fast cooling to lower the temperature to maintain the freshness of the stored items.

Reversible Door | This item comes as Right Hand Door opening. The design allows you to change to Left Hand Door opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights in both the freezer and refrigerator compartments provide clear visibility, making it easy to access items at any time.

5 STAR Energy Rating | CHiQ new frequency electronic control 410L Top Mount, with 5 star energy rating, low noise, frost free, multi air flow, fast cool and more stable temperature, is your smart choice for everyday family needs.
