

KitchenAid®

1.5L DESIGN KETTLE 5KEK1565

The perfect complement to the KitchenAid® range of quality kitchenware. With a sleek modern shape and soft grip handle, this 1.5L Design Kettle will enhance any kitchen space. The modern dual-wall design provides insulation to ensure water remains hot for longer while the kettle remains cool to touch.

1.5L DESIGN KETTLE

DUAL-WALL Dual-wall insulation that keeps the inside hot while keeping the exterior temp lower*, helping you move your kettle from countertop to table top.

HIGH CAPACITY Generously sized to boil at any capacity up to 1.5 litres. Simplifies making multiple servings of tea, coffee, cereals, and other recipes.

ALL-METAL STAINLESS STEEL INTERIOR 100% stainless steel metal interior to maintain water quality.

EASY TO POUR Push-button lid opens the lid easily with a single touch to add water.

QUICK TO BOIL Quietly boils water in minutes making it the perfect companion to your early morning routine.

MAINTAINS TEMPERATURE LONGER Dual wall design maintains hot water temperatures longer*

2 YEAR LIMITED WARRANTY

*Compared to single wall kettle KEK1722
