## Professional Series | Graceful & Elegant

True style does not stand out it blends in, Oliveri's Professional Series achieves this and more. These large capacity modern designs are fabricated from 16 gauge stainless steel so as to achieve a minimalist look that complements the modern contemporary kitchen. The tight radius corners are hygienic and easy to clean whilst not harbouring harmful bacteria.

### Easy Clean Corners

The Professional Series bowls have been designed with tight radius corners which are hygienic & easy to clean whilst not harbouring harmful bacteria.

### Softtone® and Sound Proofing

This process enhances sound proofing and heat retention.

### Large Capacity

The extra capacity bowls are designed to accommodate the largest of cooking pots, pans and oven trays.

### Bowl Protectors

Bowl Protectors that help prevent scratching and provide extra defrosting space are included as standard with all Professional Series sinks.

### Basket Waste

Each sink includes designer waste strainers to prevent large scraps entering the plumbing.

1163U sink shown with MG513 mixer tap (not included)

**1/2 Bowl**  
255 x 405 x 205mm deep  
21 Litre Capacity

**INTERNATIONAL  
COLLECTION™**

Selected Oliveri accessories, tapware and other products are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

**16 Gauge  
Stainless Steel**  
Nothing lasts as well as stainless steel, and your 16 gauge (1.6mm) Oliveri sink will endure many years of daily use.

## Care & Maintenance

These Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. The 16 Gauge (1.6mm thick) sink is extremely strong, however no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, without incurring at least a few scratches.

The best prevention against scratching is to exercise a little extra care, or even to use one of Oliveri's accessory baskets when washing cutlery and the like.

To maintain the shine on your Oliveri sink, regular maintenance is recommended with any of the easy to obtain, non-abrasive stainless steel cleaners or metal polishes.
