

60cm 'WMP' Electric Oven

600 WMP

ILVE 600 Series compact oven sets a new standard in technology and appearance and has many functional advantages over its competitors. The name compact may sound small but these ovens boast a cooking capacity of 70 litres. Look into the ILVE compact oven and you will see the grill is recessed and not hanging down into the oven cavity where it would take up valuable cooking area, then there's the deeper and wider shelves that extend all the way across and to the rear of the oven.
