- Front auxiliary inputs for use with other devices<sup>4</sup>
- AM/FM Radio with 30 station presets
- EQ Bass Boost lets you customize the sound
- Clock, alarm sleep timer; wake or fall asleep to music
- Remote control with full iPod® iPhone® menu control<sup>3</sup>

### Features

#### Powerful, all-in-one design

Fill the room with sound from this compact, full function stereo system featuring 470 watts RMS power and 2-way bass reflex speaker system. The MHC-ED719iP rivals the performance of larger, more complex stereo systems with far less clutter.

#### iPod® iPhone® connectivity<sup>3</sup>

Power up your playlists, listen to your audio apps and stay connected with the latest iPhone® and iPod® devices<sup>3</sup>. The integrated dock provides convenient charging and playback control for devices using the 8-pin Lightning™ connector.

#### USB connectivity is covered<sup>2</sup>

The convenient front USB input can be used to record from CD or connect, control, charge and playback a wide range of audio devices<sup>2</sup> like previous generations of iPod® and iPhone® products<sup>3</sup>, Walkman® players, USB thumb drives or other compatible USB devices<sup>2</sup>. Playback audio files stored on your device or directly from audio apps.

#### Enjoy convenient CD playback<sup>1</sup>

Play your favorite CDs or your personally recorded CD-R and CD-RW discs<sup>1</sup>. Users can even plays MP3 files that have been recorded to CD-R/RW discs.

#### Front aux input

Use the front 3.5 mm audio input<sup>4</sup> to connect and playback music from other audio devices including MP3 players, tablets, PC's, smartphones and more. Hear the sound through the best audio system in the house.

#### AM/FM radio

Use the integrated AM/FM tuner to receive local broadcast signals. Users can select up to 20 FM and 10 AM preset stations.

#### Bass boost and EQ

With several music enhancement settings, users can dial in the sound by setting their own EQ curve or choose from one of the 8 preset EQ settings and increase low-end bass response by engaging the Bass Boost.

#### LCD display with clock

The LCD display shows source playback information, volume level, sound settings and clock time. You can even select from 2 built-in timer functions including sleep or wake so you can fall asleep to music or wake to a CD, radio, etc at a preset time.

#### Versatility right out of the box

The speakers can be positioned vertically or horizontally. This unit is ready to rock right out of the box. AM/FM antennas are included to ensure broadcast signals come in clear and it even comes with a convenient wireless remote with batteries.
