2.66kW Split System Reverse Cycle Air Conditioner featuring wireless connectivity, inverter compressor, DC motor, Bio-HEPA filter, FollowMe, Sleep Mode, Turbo Mode, Self Clean Function. 2.66kW cooling / 3.25kW heating capacity

Product Details

FEATURES

Sleep Mode	Self Clean function	Turbo Mode	DC Inverter technology
FollowMe			

BENEFITS

Enjoy a peaceful nights sleep
Sleep Mode is designed to create the ideal sleeping environment, providing you with ultimate comfort and more energy efficiency*. The Sleep Mode feature automatically adjusts the temperature to maintain optimal comfort throughout the night gradually increasing or decreasing the temperature as you sleep, preventing excessive cooling or heating and creating a quiet and uninterrupted sleep experience.*Based on Sleep Mode versus Normal Mode operation of Westinghouse air conditioner unit.

Effortless maintenance
With a touch of a button, the self-clean function effortlessly initiates a thorough cleaning cycle that helps remove the build up dirt, mildew and bacteria from the units components. It does this by cleaning the internal mechanisms of the air conditioner to help maintain a healthier home environment.

Boost your cooling or heating
Turbo mode activates fast cooling or heating to bring your room to a desired temperature quickly and effectively. Use this on those extra hot or cold days to get comfortable quickly.

DC Inverter Technology
Our advanced DC Inverter technology offers efficient cooling and heating with less energy consumption*. The DC Inverter adjusts the cooling and heating output to meet your desired temperature, providing consistent comfort with less energy waste. *Based on air conditioners with non-DC inverter technology

Comfort controlled
FollowMe adjusts the temperature based on your remotes location, always ensuring youre comfortable, rather than adjusting to a sensor near the ceiling. No more guesswork required to be nice and comfy.

Control your comfort from anywhere with our +Home app*
You'll love the convenience of being connected to control your home's temperature from anywhere, at any time. With the touch of a button on your smartphone, you can adjust the temperature, set schedules, and monitor energy usage from the comfort of your couch or on the go. Our +Home APP* now also integrates with the Google and Amazon voice assistants, for the next level of control at home.*Internet and mobile device required.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type	reverse cycle
Air conditioner type	Split system

SPECIFICATIONS

Capacity cool watts	2655
Capacity Heat watts	3250
Power Supply Connection Point	outdoor unit
Colour of fascia	White
Compressor type	rotary
Indoor sound pressure dBA high setting	39
Indoor sound pressure dBA low setting	27
Outdoor sound pressure dBA	60
Indoor air circulation max (ltr/s)	208
Ambient temperature range minimum	-5
Ambient temperature range maximum	50
Moisture removal ltr/hour	1.3

SPECIFICATIONS

Refrigerant weight (g)	850
Refrigerant type	R32

ZONED ENERGY RATING LABEL (ZERL)

Hot Climate Cooling	6.5
Hot Climate Heating	4.0
Average Climate Cooling	3.0
Average Climate Heating	3.5
