

# Panasonic

## Panasonic Eco Navi Top Load Washing Machine

# NA-FS95A1

### INVERTER

### ECONAVI

### Key Features & Benefits

9.5 Kg Capacity, 650RPM, One touch operation

ECONAVI Technology

### ECONAVI

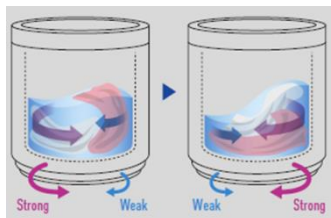

ECONAVI sensors detect water temperature & wash load and automatically adjust operation to save energy, water, and time by eliminating waste.

1. Wash Load Sensor
2. Water Temperature Sensor

### ActiveFoam<sup>SYSTEM</sup>

Turns detergent into fine foam at the beginning of the wash cycle to maximise detergent power and thoroughly remove dirt quickly. Reduces the chance of residual undissolved detergent on clothes.

#### Dancing Water Flow

#### Active Wave Pulsator

Active Wave Pulsator with 8 wings creates a powerful vertical water flow in the tub to repeatedly move clothes up and down for a scrub wash effect that removes stubborn hard stains.

#### Large lint filter

The large lint filter is easy to remove, clean & replace.

#### 9 Programs

Cotton

Baby-Care

Air Dry

### INVERTER

The Inverter motor helps to minimize energy loss and offers a quieter operation

1. Optimal & smooth control of motor rotation speed
2. Quiet Operation

The fold back lid is ideal for areas where you have a space restriction above the machine. Access & operation of the control panel is possible even with the lid up.

### Tub Hygiene

The Tub Hygiene Function removes stains from the inner wall of the outer tub, to avoid bacterial growth 40°C Wash.
