NOISE**

ILVE's Island range hoods are designed to stealthily keep your kitchen fresher and cleaner. We all adore the scrumptious smells that billow from your favourite dishes in the kitchen, but not when those smells become stagnant within the home. ILVE's rangehoods are designed to stealthily keep your kitchen fresher and cleaner. Their powerful high speed fan removes cooking odours, smoke and vapour from the kitchen, while extremely fine filters trap all grime.

It features intelligent features like the new ECO-booster, auto fire shut-down sensors and a filter cleaning reminder light. The smart timer function can be set for an automatic turn off leaving you to your culinary masterpiece at hand. In-built LED Lights produce a natural brightness, illuminating your cooking area while the streamlined electronic control panel ensures whisper quiet air extraction is at your fingertips. Either as a visual focal point or discreetly integrated, it is easy to see that ILVE Rangehood's are built to extract!

Standard Option - Rangehood Colour

Stainless Steel

ISLAND RANGE HOOD

X301ISL

X301ISL ISLAND HOOD

FEATURES

- AS304 Stainless Steel construction
- Designed and purpose built for ILVE appliances
- Recommended for Tepanyaki models or when very high air extraction is required
