

NANO86

NanoCell TV with LG AI ThinQ

86", 75", 65", 55"

LG NanoCell TV. Real 4K*

Supercharge your entertainment. Incredible picture quality, captivating colour and amazing detail, made possible by a beautiful 4K display and the accuracy of Real Colour. Made possible with LG NanoCell TV.

**Native 4K content is required for full 4K resolution effect.*

α7 Gen4 AI Processor 4K Powerful to the core

Stunning TV, powered by technology. The α7 Gen4 AI processor at the core of NanoCell uses machine learning algorithms to analyse and optimise your entertainment. With automatic adjustments to picture and sound, whatever you watch can appear spectacular.²

Think you know smart? Think again

LG AI ThinQ is here to maximise your smart TV experience. Use your favourite voice assistant to control your TV, and discover the convenience of an all-new Home screen.¹²

Dolby Vision IQ & Dolby Atmos

Experience breathtaking movies and games, enhanced with Dolby Vision IQ and Dolby Atmos.¹ Bright images, intense colour and contrast, and rich audio, are intelligently adjusted for content and lighting conditions.

VRR, ALLM, eARC. Play at a higher standard

Don't let outdated connections cripple your edge. HDMI 2.1³ brings VRR (Variable Refresh Rate), ALLM (Auto Low Latency Mode) and eARC (Enhanced Audio Return Channel) to enable fast-moving content at high resolutions, and smooth, synchronised audio and graphics.

WARRANTY PERIOD	
Warranty Period	1 Year Warranty - Parts and Labour

1 HDR playback for HDMI, USB and IPTV streaming services. HDR broadcasts currently not available in Australia. Compatible Dolby Vision High Dynamic Range content required for full HDR effect. Dolby Atmos source content required for full audio effect.

2 Image quality of upscaled content will vary based on the source resolution.

3 Feature activated when showing HFR content and connected to a compatible device. Supports up to 40Gbps bandwidth, allowing up to 4K 120Hz 4:4:4 @ 10-bit per component.

4 Voice Control features may not be available in all languages and dialects. Refer to source material. ThinQ TV control voice commands are supported.

5 Dedicated USB Hard Drive required for recording and live playback function (sold separately). exFAT not supported.

6 Some brands not supported, check website for details: www.lgappstv.com/appspc/oss/support/lge

7 Features and services may change without notice.

8 Feature activated when connected to a compatible device and compatible content.

9 Only RTX 20-series, 30-series and GTX 16-series GPUs will support G-SYNC Compatible with LG OLED TVs.

10 Feature activated when connected to a compatible device and capable content.

11 AI ThinQ feature is not available in all languages and dialects. Depending on ambient noise, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command.

12 Google Assistant™ and Amazon Alexa™ functionality require an internet connection as well as a Google or Amazon Account (as applicable). Apple AirPlay® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Google is a trademark of Google LLC. Amazon, Alexa and all related logos and motions are trademarks of Amazon.com, Inc. or its affiliates. AirPlay is a trademark of Apple Inc.

13 Internet usage charges and conditions apply. WebOS internet browser supports AV1, HTML5, VP9 and HEVC, not for video streaming. Content and features will vary from time to time without notice.

14 Freeview uses HbbTV technology which combines broadcast & internet streaming. Data usage charges & conditions apply.

15 Subscription membership and high internet speed (25 mbps) required for content in 4K Ultra HD, otherwise content will be downsampled to either HD or SD quality based on the available bandwidth and time of day.

16 Hey Google, Apple HomeKit or Amazon Alexa enabled device required, sold separately.

17 Home Wi-Fi and LG ThinQ app required. Compatible with Android 7.0 (or later). Magic Tap feature compatible with NFC enabled Android phones.

18 Miracast compatible Android device required for this feature.

19 LG Thing App on compatible Android devices (Android 5.0+) and iOS devices (iOS 11+). Device must be in range, on the same Wi-Fi network as the TV.

20 Apple AirPlay 2® and HomeKit® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. AirPlay® and HomeKit® are trademarks of Apple Inc.

21 WiSA compatible speakers required. (Sold Separately)

22 Feature requires two matching compatible LG Bluetooth Speakers.

23 Designed to work with compatible LG audio devices only.

24 B1, NANO91, NANO86, 86NANO75, 86UP80: HDMI ports 3 & 4 support HDCP 2.3, 120fps @ 2160p

25 The cable may be visible depending on installation environment. Depending on installation environment, there may be a slight gap between the TV and the wall.

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.
