FEATURES ELECTRIC OVEN

- 8 multi-function oven (below functions)
- 93lt gross volume oven capacity
- Analogue clock – programmable on/off function
- Lower warming drawer & storage compartment
- Easy clean one piece welded inner oven cavity
- 4 Cooking levels
- Telescopic rail (x1 Set)
- Triple glazed door with easy removable inner glass
- Stainless steel kick panel
- European standard A-class energy consumption
- Made in Italy

**OVEN LIGHT**

Oven light will automatically turn on once any function is selected, helps you monitor the progress of your cooking.

**CONVENTIONAL**

Conventional cooking method involves the heat emanating evenly from the lower and upper elements into the oven. This function is perfect for cakes, pastry, baked pasta, lasagne and pizza.

**FAN AND BOTTOM HEATING ELEMENTS**

Great for pizza cooking, the fan and bottom element create the perfect cooking function for base cooked food.

**FULL GRILL**

Full grill is the perfect option for quick grilling. Toast your favourite meals or finish off the tops of your recipes.

**FAN GRILL** This function is perfect for fish, chicken Fillets or meat Cutlets.

The door can be left closed whilst grilling and Browning will occur from the top element.

**FAN ASSISTED**

This is the position where the heat is coming from the lower and upper heating elements and the heat is circulated into the oven by the fan.

**FAN FORCED COOKING**

For the ultimate roast or perfect batch of pastries. The element surrounding the fan delivers even heat for even cooking results, approx. 160°C - 180°C is recommended

**DEFROST**

In defrost mode, no heating elements are used. Only the fan is activated to circulate air inside the oven for defrosting. It defrosts food up to 30% faster than traditional methods

OPTIONAL ACCESSORIES

Code: 99045700

Cast Iron Griddle Plate
