Dimensions

Depth	676mm
Height	A 616mm
Width	B 1217mm

Features & Benefits

- Grease Management System™**  
The patented Grease Management System™ reduces flare-ups by channelling grease and oils away from the burner flames during grilling.
- Full surface searing**  
Double-sided cast stainless steel grilling grates deliver perfect sear lines while at the same time, conveniently channelling away oil to an easily removable capture tray.
- Built to last**  
Designed to last a lifetime and featuring heavy grade 304 stainless steel throughout, these grills are cleverly engineered and detailed with welded & polished seams, heavy duty fittings, handles and controls.

- Heavy duty rotisserie**  
A dedicated infrared rotisserie burner provides controlled searing heat. The heavy duty rotisserie motor with stainless steel hexagonal rod and adjustable forks can accommodate a 25kg load.
- Total visibility**  
The Smart Beam™ grill light illuminates the entire cooking surface for better visibility at night. A 40 watt halogen light is integrated into the patented weather proof rotisserie motor, making it easily accessible and ergonomic.
- Stainless steel burners**  
The precision ported u-shaped stainless steel burners are rated at a significant 27 MJ/h each - designed for premium quality and performance.

Specifications

Burner Ratings (Universal LPG)	
Grill burners	26.5 MJ/h
Integrated rotisserie burner	19.5 MJ/h
Regulator pressure	2.75 kPa
Total nominal gas consumption	125 MJ/h
Burners	
Grill burners	4
Rotisserie	1

Measurements		
Primary cooking area(grill)		0.54 m²
Secondary cooking area (warming rack)		0.21 m²
Total cooking area		0.75 m²
With rotisserie motor mounted	H616 x W1386 x D676mm	
With the grill hood up	H880 x W1217 x D718mm	
Without rotisserie motor mounted	H616 x W1217 x D676mm	
Performance		
304 grade Stainless Steel burner tubes		•
304 grade Stainless Steel gas manifold		•
9V battery ignition		•
Available in built-in or on cart applications		•
